THURSDAY, JULY 22ND, 1886.

In ordering goods, or in making inquiry concerning anything advertised in this paper you will oblige the publishers, as well as the advertiser, by stating that you saw the advertisement in the PRESBYTERIAN REVIEW.

DR. AND MRS. WARDROFF, Guelph, have gone on a month's trip to the Bay of Chaleur. REV. ROBT. GRAY, late of York Mills and Fisherville, has received a call to Kinross, etc., in the Presbytery of Bruce.

Mr. Howie, late of Mount Lebanon (now a minister of the Presbyterian Church in Canada), preaches in Knox church, Owen Sound, on 25th of July, and remains in the Presbytery of Owen Sound till the end of August.

This attention of all interested in life assurance is directed to the advertisement of The Temperance and General Life Assurance Company of North America, whose announcement appears in our column from time to time. The basis upon which risks are taken in this company will commend itself to the intelligence and sympathy of our readers. The names of the officers connected with it are a guarantee of fair and honest dealing.

SAYS the Bowmanville Statesman:—The Rev. John Smith, of Toronto, late pastor of St. Paul's church in this town, delivered an able address on temperance to his former congregation on Friday July 2nd. The Rev. gentleman congratulated the people of Bowmanville and county of Durham on the passage of the Scott Act and urged on them the necessity for its proper enforcement. The lecturer held that the Scott Act was but a step in the direction of entire prohibition—the only real cure for the evils of intemperance. Short speeches were also made by Mr. Fairbairn, president of the Temperance Association in connection with the church, Dr. McLaughlin and Rev. R. D. Fraser.

THE following appears in the Globe of the 5th inst:—A short time ago it was stated in these columns that Mr. Farnell is a Presbyterian. A friend in Toronto asked what authority we had for the statement. The reply was made that none of the published biographies of Farnell that we could find gave his religion, and that the only authority we had was a statement by an English correspondent of the New York Tribune. To settle the question, we wrote to Mr. Farnell, and have now received the following answer:

HOUSE OF COMMONS LIBRARY, June, 1886.

To the Editor of the Globe, Toronto, Can.

DEAR SIR,—I am directed by Mr. Farnell to acknowledge the receipt of your letter, and to inform you that the religious denomination to which he belongs is the Episcopal Church of Ireland.

I am, yours truly, HENRY CAMPBELL, Secretary.

THIS is the period of centennial celebrations, and the people of Pictou are now to have the opportunity of celebrating the centennial of an event of the first importance to this country and of wide reaching influences upon these lower provinces. On the 21st July, 1786, the Rev. James (afterward Dr.) McGregor, arrived in Pictou, and on the 23rd of the same month he preached his first sermon here. So that during the present month one hundred years will have elapsed since the commencement of his ministerial labours on this side of the Atlantic. The Presbytery of Pictou have at more than one of their late meetings had before them the subject of celebrating the occasion by suitable services. They have accordingly directed all the ministers within their bounds to direct the attention of their people to the subject at their ordinary services on Sabbath, 18th inst. At their meeting this week they have also determined to hold a public centennial celebration on the 21st inst. It has been thought best that this should take place as early as possible on the spot where he preached his first sermon. This was a little above Norway House, near Pictou town. Committees were appointed to make all necessary arrangements for carrying the resolution into effect, and we need not say that we hope that their efforts will be entirely successful. We shall probably in our next be able to give full particulars as to the arrangements.—New Glasgow Chronicle.
