11 ft. 3x7, £7 10s. Ex. Loyallst, from St. John, 10-23 ft. 2 and 2½ x 11 in. hemlock, £6 5s.

**HEMLOCK SHINGLES.**

We have been asked to give the specifications for hemlock shingles such as are now selling in the New York market at \$3.15 per thousand. We find that there

are no rules covering the inspection of hemlock shingles applicable to the New York market. The shingle in question, however, must be 18 inches long, cut plump 5 to 2 inches, and be rift sawed. It must be of perfect manufacture, with no feathered ends, and free from knots and rot defects or evident shake. We understand that very few hemlock shingles are used in the New York market.

New Mill Erected 1901. Capacity 100 Million a Year.

**Spicer Shingle Mill Co., Limited**

It is not the purpose of this advertisement to try and convince the Lumber Trade of Canada that we are the only company in British Columbia manufacturing and shipping shingles in large quantities, or that we "know it all." We recognize that "there are others" and that we are not the only "pebble on the beach." To try and make you believe that we are the only people who can supply you promptly and in large quantities with a high-grade shingle would not only be a fish and a bear story combined, but it would be gall of the bitterest kind.

Our competitors in the shingle business in B. C. are nice people, and we presume that they know their business; but we are nice people too, and as we have been in the trade as long as any of them, and a great deal longer than the most of them, we know that we know our business, and that our competitors are not in the possession of any points of value regarding the manufacture of shingles which has not come to our knowledge.

Our old mill was burned down in May last, and in its place we have built what is at the present time the Largest Shingle Mill in B. C.

Our new Mill has 7 of the latest improved type of Dunbar machine, which we run night and day—giving us a capacity of about 100 Million a year.

Competent judges who have seen our new mill, tell us that it is one of the most substantial, carefully constructed, and best planned mills in this province. We ourselves think it is the very best shingle mill in B. C.; and we know that it is equipped with all the very latest improved Shingle Machinery.

Will the trade please note that our contract with the Pacific Coast Lumber Co. closed on December 31, 1901. Orders sent to us by letter or telegraph shall have our best attention.

We want our share of your shingle business, and can guarantee you satisfaction in every particular.

 VANCOUVER, B. C.

**No Fish Stories**

go when it comes to speaking about

**OUR SHINGLES**

FACTS ARE FACTS WHETHER TOLD ABOUT FISH OR SHINGLES

*We make a fine 16-inch Shingle.*

*We make a fine 18-inch Shingle.*

*We make a fine 24-inch Shingle.*

*We make all thicknesses from 6-2 inch to 6-3 3/8 inch.*

They are going out of our different mills at the rate of 200,000,000 a year. We make more shingles than any one firm in the world. Just think of it!

**We claim to be experts.** That is not gall. That is a statement which is proven constantly by the testimony of our customers from the Pacific Coast to the Atlantic Coast on the Canadian side, and from Maine to Puget Sound.

**Mixed Cars our Specialty.** Don't forget that we have all kinds of House Finishing Material in Fir and Cedar, and can load any quantity with shingles.

Come, let us deal together.

**CUSTOMERS' ATTENTION.**—Please take notice that on and after the 1st day of January, 1902, all arrangements with the Pacific Coast Lumber Co. of New Westminster, B. C., for the handling of any of our shingles will be ended, and until further notice our authorized general agents will be Mr. Jas. Twitchell, Clinton, Ont., for Ontario, and Mr. Samuel Ashfield of Winnipeg, Man., for Manitoba and the North-West; therefore, orders for straight or mixed cars sent through the above agents or direct to us will have equally prompt and careful attention.
