

A Commentary, Critical, Experimental, and Practical on the Old and New Testament. By Rev. R. Jamieson, D.D.; Rev. A. R. Fausset, A.M.; and Rev. D. Brown, D.D. Vol. IV., Jeremiah to Malachi. Glasgow: W. Collins. Hamilton: D. McLellan.

After some delay another volume of this excellent commentary has been published. We have looked into it with some care, and feel justified in recommending it as one of the very best of commentaries to be obtained, containing as it does much valuable matter in comparatively brief compass. It is published, too, at a price which brings it within the reach of many who could not procure more expensive works. We believe the remaining volumes will be issued without any unnecessary delay.
