## Drug Reports.

### Canadian Market Report.

There is every indication of a good business being done during December. If the sleighing should continue until the holiday time it will mean many dollars to the country.

The advance in price of Sulphonal has been confirmed. This article is now quoted at double the former price. Cable advices announcing advance in Phenacetine was an error. There is little doubt in the minds of those best qualified to know that it will soon be higher. Camphor has been steadily advancing, and is quoted at 55 to 60c.; higher prices still will undoubtedly prevail. Iodine preparations have advanced about 6c. per lb. on the London market, and bromide preparations 4c. per lb. Cocaine will undoubtedly be higher presently. Quinine—Higher prices looked for after the first of the year, if not before. Ergot, cascara bark, Vanilla beans, bismuth, mercurials, caffeine, borax, boracic acid, sulphate copper, and rad ipecac, are all tending

higher. Paris green is already being sold for spring delivery on the basis of 13c. in 100 lbs., irons. Powdered hellebore can be bought now for spring delivery on the basis of 12c. in barrel lots. Naphthaline balls for spring delivery on the basis of 3½c. in barrel lots.

### English Market Report.

LONDON, Nov. 25, 1898.

The general tone of business is decidedly good and prices are in many instances on the up-grade. Sulphonal has had a sensational jump of nearly 50 per cent. in value in consequence of manufacturers combining. Camphor is dearer and iodine and all iodides have advanced. Copper sulphate is also dearer. Ipecacuanha is firm at recent advance. Arsenic easier. Cascara is steady at higher rates. Quinine is very firm and an advance predicted. Ergot is much dearer. Permanganate of potash easier.

Pediculin, a German remedy for lice and other parasites, is composed of sixty-five per cent. powdered chalk and thirty-five per cent. of commercial naphtha.
