

The Dominion Printer.

THE "UNIVERSAL" JOB PRESS.—These machines are manufactured with improved machinery, under the best facilities. The manufacturers claim that they are the strongest press made; compact and very simple in construction. The FRISKET FINGERS are of an improved construction, which allows both to be used on a narrow margin. The BED remains stationary, and inclines backward, so that the form rests upon it, and can never sag, or the type work out of place, at the same time it is always in view, and in reach, of the pressman. The chase is secured to the bed by a strong and simple device, which can be adjusted from the front of the press. THE CHANGEABLE INK FOUNTAIN allows a change from one colour, or kind of ink, to another in a few moments of time, without waste. The gauge can be speedily set to feed any required degree of ink, or to entirely cut off the supply at any number of points, allowing a feed of ink from any part without binding the fountain roller.

PRICES:

HALF-MEDIUM, 13 x 10	\$585.00
QUARTO, 10 x 15	\$458.00
EIGHT, 7 x 11	\$281.00

With each Press are included three Chases, one Roller Mould, two sets Roller Stocks, Wrenches and Treadle.

METAL FURNITURE.—This useful article will be found to be indispensable when once used. It is light and strong, and is cut with great care to piece ems. Forms of any size can be locked up without any extra justification. The fonts are assorted with pieces from four to fifty ems in length and from one to ten in width. Smallest font 50 lbs.

PRICE.....20 c. per lb.

LABOR-SAVING RULE.—With judicious care, an Office having an assortment of Single, Parallel, Double and Dotted Labour-Saving Rules, need cut up few strip rules, which frequently are wasted. Our fonts are accurately made and justify with precision. Each font contains a proportion of right and left mitres, and every piece has its length punched on it. We now manufacture a special Brass Rule Case for Job Fonts, having a sliding cover, and about two-thirds the size of the ordinary Case. It will be found neat and portable.

WOOD-TYPE.—The Company are Agents for the sale of W.H. Page & Co's Wood-Type. The truth and beauty of their letter is well and widely known. Specimen Books with prices sent on application.

PAPER.—The Company are not paper dealers, but for the convenience of Printers at a distance, will place orders in the hands of first class Montreal Houses, to be filled at lowest cash prices. In sending orders, please send samples of what is wanted to avoid errors in their execution.

TAPES AND BLANKETS.—We have received a large supply of Tapes of different widths for Cylinder Presses. We can also supply Blankets of any required size on receipt of order.

WANTED.—Second-hand Gordons' 1/8, 1/4, or 1/2 Medium size in exchange for Universal Presses.

THE RELIANCE-WHARFEDALE PRESS.—Of all English Cylinder Presses imported into Canada, the Reliance-Wharfedale machine is, in point of build and finish, decidedly the best.

The Reliance-Wharfedale now offered to the trade by The Dominion Type Founding Co., agents in this country for their sale, possesses the following advantages over other Wharfedales, and which printers intending to purchase would do well to note:

- 1st. The arrangement for the tapes is such as to allow of their adjustment immediately; in others there is much time lost in making tapes ready.
- 2nd. The fly can be instantly detached when the press has to work posters or awkward forms which require to be taken off by hand; in others it is a fixture.
- 3rd. Its immediate delivery of sheet without waiting for next impression to complete movement.
- 4th. Its advantage for extra rolling; its distribution is double that of other Wharfedales.
- 5th. It is strongly built, and in every sense of the term a first class English machine.

The following are standard sizes:—

Large news size, to print a form	50 x 39
News	48 x 36
Double royal	42 x 29
Double demy	36 x 24
Royal	26 x 20

Complete with fliers, pointing apparatus, moulds and two sets of roller stocks.

Prices on application.

CABINETS with 10 1/2 Cases	\$20.00
" " 16 1/2 "	24.00
" " 20 1/2 "	28.00

OUTFITS FOR PRINTING OFFICES.—The best experience in connection with the printing business is at the service of intending purchasers. Judicious care in the selection for an office will prevent the accumulation of surplus material.

Write us what is required and we will mail estimates, &c., of the cost of a well appointed office, as well as give useful information in regard to the purchase of second hand machinery and material when it is desired.

ROLLER COMPOSITION.—The special advantages claimed for the Composition we sell for Hand and Job Presses are, that it retains its elasticity and suction; can be cleaned easily, is not affected by any ordinary change of temperature, shrinks less than any other Composition, is easily recast and is cheap. Price, 35 cts. per lb.

We are Agents for Thompson's Everlasting Composition, which has all the properties required by Presses running at a high speed, price 50 cts. per lb.

We keep also a supply of the celebrated Francis & Loutrel Composition adapted for fast cylinder presses; unsurpassed for this purpose. Price, 60 cts. per lb.

CARD AND PAPER SCALE.—C. SOUVER & Co's

LIGHTNING CALCULATOR adapted for the use of Printers, Stationers, and Book-binders, for ascertaining at a glance, the number of sheets of Paper or Card Board required, to cut any number of pieces from 1 to 10,000.

Printers will find this Calculator very valuable to them in their business, in saving time and loss of stock, from miscalculations, and after one trial would not be without it.

MECHANICAL QUOINS.—Can be used anywhere in place of wooden Quoins, and having a lateral spread of from one-quarter to three-quarters of an inch, the same Quoin can be used in different spaces, so that only a comparatively small number are required in any office.

Nothing but parallel Furniture is used, and the Quoin does not mark the softest pine. No alteration of chase is required, and forms can be locked up or unlocked on the press, or on a board, as well as a stone.

Per set of five Quoins of each of the three sizes, \$4.00.

LEAD CUTTERS.—We have improved on the old style Lead Cutter, which cut the lead after the fashion of Scissors. Our new Knife being bevelled, the lead is cut true at one stroke.

WANTED.—A Hand Press, Royal size. Second-hand Paper Cutter.
