A CERTAIN REMEDY FOR CORNS.

This is the universal testimony and expressed by everyone who has used Putnam's Corn Extractor. Thousands in Canada have used it with gratifying results and if you will take the trouble to ask any druggist he will give you the names of many persons of your acquaintance who have been radically cured of the worst kind of corns. Sold everywhere. Safe, sure, painless and vegetable in composition. Try it. It never fails. Take no substitute. Many of them are positively dangerous. Use Putnam's Corn Extractor.

STOMACH ACHE.—We all know what it is: we acquired a perfect knowledge of the "Pet" in our youth, after a raid on the green apples we were expressly forbidden to touch. Our mother gave us Perry Davis' Pain-Killer then and strange to say, no other remedy has been discovered to this day to equal it.

St. Margaret's Home

666 SHERBROOKE STREET.

A need has long been felt by those interested in works of charity in the city for a home for incurables. The hospitals had no room for them, other institutions could not take them in, and just when one needs all the care and comforts that human aid can give, and when the hope of restoration to health has been taken away, the unfortunate, whose case was pronounced hopeless, had to leave the home or hospital where for a while he had been sheltered, to suffer the privation of a poor man's home. Now, however, there is a chance of this need being supplied. The sisters of St. Margaret's (Church of England), from Boston, have taken a large and sunny house, No. 666 Sherbrooke Street, and on or about the 8th May it will be open for the reception of incurables, and works of charity in general which do not come under the scope of other institutions. Although managed by sisters of the Church of England, the home will be absolutely unsectarian, and persons of all denominations will be received, and may be visited by the clergy or ministers they prefer. The good work that English sisters are doing may be seen in New York, Boston, and other large American cities, where the hospitals, homes, and nurseries for children are among the most heart-cheering sights of the 19th century. The refining influence of ladies, and the self-devotion that works for love, cannot but produce an effect on those who, alas, are brought so seldom under the influence of either. To do a work of this kind, however, funds are needed. A guarantee endowment would enable the sisters to extend the work to cases that would be otherwise out of their reach. It remains, therefore, with the public how far the home is to be a success. The amount of money needed is not very large, and it will indeed be a pity if we let pass this chance of ministering to the sufferings of those who, though so poor and helpless, are nevertheless our brethren in the sight of God. The Metropolitan (Dr. Medley, of Fredericton), has kindly consented to be "Patron."
