MARITIME PROVINCE MARKETS.

HALIFAX, 25th May, 1880.

Business is very quiet in almost every line ; provisions, dairy produce, and grain are dull, sales of breadstuffs small. Prices of flour, meal and grain are nominally unchanged from last week. Potatoes, apples, etc., are offering at low rates. The season's seal fishery is a very poor one, not even a third of an average catch. ST. JOHN, 24th May, '80.

Prices of flour and grain continue about as before reported. Sales are languid, however; provisions are nominally unaltered. A large amount of tonnage is offering, which tends to lower freights; not many are being chartered for sea.

TORONTO MARKETS.

Toronto, 27th May, 1880.

In the early part of the week little or nothing was doing in consequence of the general keeping of the loyal people's holiday. Business having been generally suspended on Monday, did not get into trim at all actively on Tuesday, and indeed it has been slack in almost all lines at wholesale ever since. A very fair retail trade is doing for the season, and money thus circulates more actively in the city than it appears, from the meagre amounts remitted, to be doing in the country. Produce and provisions are dull.

Some few transactions are reported on the Stock Exchange. A round lot of Bank of Commerce stock changed hands at 1212. Toronto sold on Wednesday at 126, Standard at 84. There were buyers of Montreal at 136, holders $\frac{1}{2}$ higher; of Merchants at $93\frac{1}{2}$, with $94\frac{1}{2}$ asked; of Dominion at 123, with none offering. Twenty shares of Farmer's Loan Co. sold at 114;
