B. Statement of General Policy on Relief and Rehabilitation in Korea

16. *Approves* the following statement of general policy:

1. The United Nations programme of relief and rehabilitation in Korea is necessary to the restoration of peace and the establishment of a unified, independent and democratic government in Korea.

2. To this end, it is the objective of the United Nations to provide, subject to the limit of the resources placed at its disposal for this purpose, relief and rehabilitation supplies, transport and services, to assist the Korean people to relieve the sufferings and to repair the devastation caused by aggression, and to lay the necessary economic foundations for the political unification and independence of the country.

3. The United Nations programme of relief and rehabilitation for Korea shall be carried out in practice in such a way as to contribute to the rapid restoration of the country's economy in conformity with the national interests of the Korean people, having in view the strengthening of the economic and political independence of Korea and having in view that, in accordance with the general principles of the United Nations, such assistance must not serve as a means for foreign economic and political interference in the internal affairs of Korea and must not be accompanied by any conditions of a political nature.

4. The United Nations programme is to be a supplement to the general recovery effort that will be undertaken by the Korean people on their own initiative and responsibility, through the

most effective utilization of their own resources as well as of the aid which is rendered under the programme.

5. Whilst the programme should be consistent with the pattern of long-term economic development in Korea, it is itself necessarily limited to relief and rehabilitation, and contributions and supplies furnished under this programme shall be used exclusively for that purpose.

6. First priority shall be given to the provision of the basic necessities of food, clothing and shelter for the population of Korea and measures to prevent epidemics. Second highest priority shall be given to projects which will yield early results in the indigenous production of basic necessities; this will include the reconstruction of transport and power facilities. As the programme develops, emphasis should be shifted to the provision of other materials, supplies and equipment for the reconstruction or replacement of war-damaged facilities necessary to the economic life of the country.

7. The necessary measures shall be taken to ensure that distribution shall be so conducted that all classes of the population shall receive their equitable shares of essential commodities without discrimination as to race, creed or political belief.

8. Subject to adequate control, the distribution of supplies shall be carried out, as appropriate, through public and co-operative organizations, through non-profit-making voluntary organizations such as the Red Cross, and through normal channels of private trade. At the same time, measures shall be taken to ensure that the cost of distribution and the profit from the sale of supplies are kept to the minimum. Measures shall be taken to ensure that the special needs of refugees and other distressed groups of the population are met through appropriate public welfare programmes, and accordingly the sale of relief supplies will take place only in justifiable cases and under conditions agreed upon with the United Nations Commission for the Unification and Rehabilitation of Korea.

9. The local currency proceeds derived from the sale of relief and rehabilitation supplies or, at the discretion of the Agent General, an amount commensurate with the value of goods and services supplied, shall be paid into an account under the control of the Agent General. The Agent General, after consultation with the United Nations Commission for the Unification and Rehabilitation
