

that Norwegian exports have risen.

- The increase in imports into Japan has resulted in Norwegian exports of mackerel being redirected to other countries and sales for meal production increased in 1992.
- The prevailing export price for Norwegian mackerel in 1992 was, reportedly, 5.5 krone per kg (FOB) for over 600 gram and 3 krone for 400-600 gram. Domestic selling prices from importers to processors are reported to be Yen 200 per kg for over 600 gram size in 20-25 kg box and Yen 140-150 per kg for 400-600 gram size. The price for over 600 gram in 10 kg box is said to be Yen 250-260 per kg.
