

- (b) If six persons are not elected at the first ballot, a second ballot shall be held in which the person who received the lowest number of votes in the preceding ballot shall be ineligible and in which votes shall be cast only by:
- (i) Governors who voted in the preceding ballot for a person who is not elected; and
 - (ii) Governors whose votes for a person who is elected are deemed in accordance with paragraph 3.c of this annex, to have raised the votes cast for that person above nineteen percent of the total voting power of the nonregional members.
- (c) (i) In determining whether the votes cast by a governor shall be deemed to have raised the total number of votes for any person above nineteen percent, the said nineteen percent shall be deemed to include, first the votes of the governors casting the highest number of votes for that person, and then, in diminishing order, the votes of each governor casting the next highest number until nineteen per cent is attained.
- (ii) Any governor part of whose votes must be counted in order to raise the votes cast for any person about fourteen percent shall be considered as casting all his votes for that person even if the total number of votes cast for that person thereby exceeds nineteen percent.
- (d) If, after the second ballot, six persons are not elected, further ballots shall be held in conformity with the principles laid down in this annex, provided that after five persons are elected, the sixth may be elected — notwithstanding the provisions of paragraph 3.a of this annex — by a simple majority of the remaining votes. All such remaining votes shall be deemed to have counted towards the election of the sixth director.
