

THE TORONTO WORLD

The Toronto Terminals Company sought permission yesterday from the board of control to lay steam pressure pipes from the Toronto Electric Light Company at the foot of Scott street along the Esplanade so as to furnish heat for the new Union Station. It was promptly and unanimously refused. It was explained by Mayor Church that the application had previously been made to the Toronto Hydro Commission, but that body would not guarantee to furnish steam out interruption as required by

Flags and Bunting

There's inspiration in the bit of color. The British flag first, then group the flags of the Allies, and add the bunting.

SECOND-Citizens having dead walls or fences will be doing a patriotic thing in placing them at the disposal of the Publicity Committee, on which to place posters, placards, signs, banners, and co-operate with your neighbors in getting streamers across the streets.

THIRD-Storekeepers can greatly aid the Publicity Committee by lending as generously as possible window and store space for cards, announcements, mottoes and posters, cards on waggons, or using parcel or mail stuffers and stickers.
