Suits for Men Who Are Taller or Stouter Than the Average

And Other Seasonable Wearing Apparel For Men Whatever Their Girth or Height May Be. In Today's List Are Bathing Suits, Negligee Shirts, Handkerchiefs

Men's Underwear

It's Balbriggan and Comes From Our Own Factory, Hence the Price. Garment 59c

Directly to the counters via our own workrooms comes the greater part of this underwear--wherefore it's readily apparent that "Eaton" shoppers reap substantial benefit. Finely knit cotton yarns in natural shade. Shirts with long sleeves, drawers ankle length. Sizes 34 to 42. An economy suggestion--buy underwear for next season NOW, at this price. Garment 59c.

Men's Bathing Suits--Even when seen in their orderly piles on the counter, these suits bear an air of quality that makes them desirable. Being of worsted they are best to wear when the water is chilly. One-piece style, with skirt. Three-button shoulder; no sleeves. Navy, trimmed with orange or red. Sizes 34 to 42. Per suit, \$5.00.

Men's Shirts

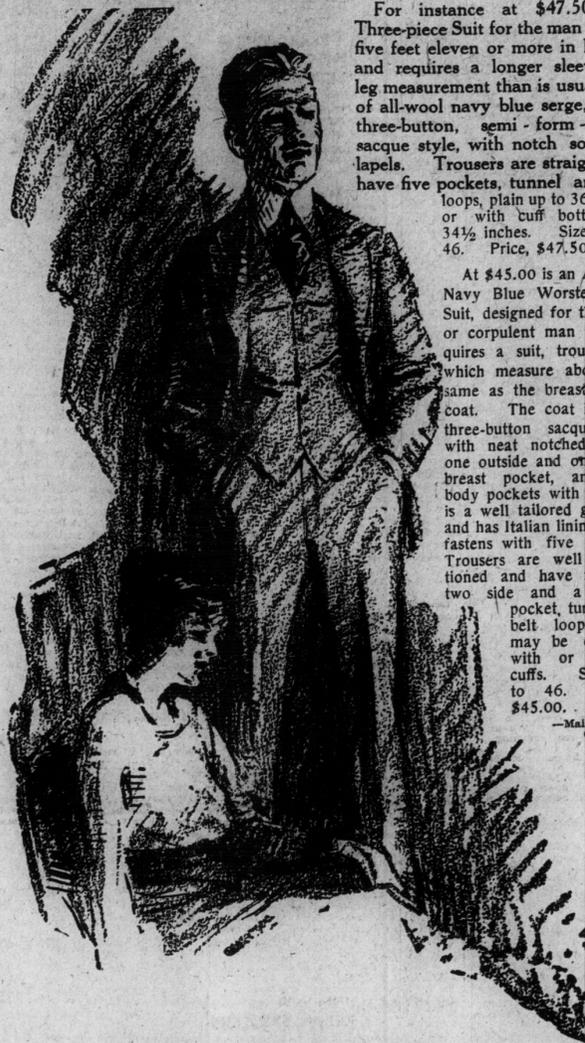

Featuring Three Lots of the Thoroughly Well-Made Kind

At \$2.00 are Cambric Shirts, coat style, with soft, double cuffs. Sleeve lengths assorted, to assure comfortable fit. The selection of stripe patterns--in single, double and cluster effects--is quite good. Sizes 14 to 17. Each, \$2.00.

Blue Chambray Work Shirts, Eaton made--A work shirt in popular use. The material of serviceable color and medium weight, being perfectly fitted for this purpose. Reversible collar, breast pocket and button cuffs. The bodies are not "skimpy" and give perfect freedom and comfort. Sizes 14 to 18. Price, \$1.50.

Shirts cut specially to fit young men and big boys--these are in the Boys' Section. They assure a neat fit to the growing boy. Coat style shirts of fine quality cambric. Laundered cuffs and neckband. Single and cluster stripe patterns, in blue, black or helio on white grounds. Sizes 13, 13 1/2 and 14. Each, \$1.00.

The men who are taller or stouter than the average will find a splendid selection of suits to choose from in the clothing section.

For instance at \$47.50 is a Three-piece Suit for the man who is five feet eleven or more in height, and requires a longer sleeve and leg measurement than is usual. It's of all-wool navy blue serge, in a three-button, semi-form-fitting sacque style, with notch soft roll lapels. Trousers are straight cut, have five pockets, tunnel and belt loops, plain up to 36 inches, or with cuff bottoms to 34 1/2 inches. Sizes 37 to 46. Price, \$47.50.

At \$45.00 is an All-wool Navy Blue Worsted Serge Suit, designed for the stout or corpulent man who requires a suit, trousers of which measure about the same as the breast of the coat. The coat is in a three-button sacque style, with neat notched lapels, one outside and one inside breast pocket, and two body pockets with flaps; it is a well tailored garment, and has Italian linings. Vest fastens with five buttons. Trousers are well proportioned and have two hip, two side and a watch pocket, tunnel and belt loops, and may be obtained with or without cuffs. Sizes 39 to 46. Price, \$45.00.

Men's Handkerchiefs

Big Linen Ones and Specially Priced Too at Each 50c

This is a remarkable opportunity to procure a supply of excellent quality handkerchiefs at an exceptionally low price. They are made from sturdy linen similar to that formerly used in the manufacture of aeroplanes. Thus you can readily appreciate their extra wearing qualities. Another feature is that they are offered at a special price. They are large size, in white only, and are neatly hem-stitched. Special, each 50c.

Memorial Tablets and Shields

"In Days of old, When knights were bold."

They went forth to aid those in distress. The SHIELDS of those who attained distinction on such quests were preserved for the admiration of future generations.

So arose the custom of setting Shields and Memorial Tablets on the walls of manor, church and abbey. Present-day English life is everywhere linked with and carried back to past days of glory by these reminders.

In a democracy like Canada coats-of-arms are out of place. But the worthy custom of erecting memorial tablets for our valiant boys survives. Our heroes went forth on a very knightly quest; let the memory of their brave deeds be preserved in this way.

How they did their duty, and honored their country can be told on a tablet of bronze or brass. Such a tablet will be a source of pride to the factory, the office, the school, the lodge or the church which displays it.

Ask the Insignia Section for sketches and quotations on the size you desire.

POSTAL SERVICES WANT AN ANSWER

Mass Meeting Tomorrow Night May Prove Eventful.

Postmaster-General E. B. Blouin is in receipt of a letter from the committee specially convened by the membership of the Toronto Letter Carriers' Association dealing with the crisis in the Queen City, asking his co-operation in the attempt to reach a settlement of the difficulties involved. The letter reads as follows: "There is general distrust in Toronto with respect to the action of the department toward employees in the matter of bonuses, both as to when same is to be paid, and as to any official statement relative to the increased salary which was to have commenced April, this year. There would seem to be no instructions from anyone in charge as to what we are working for. A general impression prevails that the department is not living up to its promises, and the carriers in Toronto feel that it would be mutually advantageous to send someone from Ottawa to Toronto, with authority to make satisfactory arrangements, some one with real official standing, so that we may have something definite to go on. An immediate answer. We would appreciate an immediate answer, as there is to be a mass meeting of the postmen on Thursday.

CONTROLLERS DISCUSS FIREMEN'S WAGES

Just towards the finish of the board of control meeting yesterday, Controller Robbins raised the question of firemen's wages, and reminded the mayor that he had promised to deal with the subject.

The Mayor: I am prepared to deal with it. Mr. McQueen, secretary of the board, in reply to a question: Mr. Bradshaw has not made his report. Controller Cameron: He was asked to report two weeks ago, but has not been able to get it ready yet. Controller McBride: We have got to consider this before we start increasing salaries. Is the position worth the salary they are getting, or any more? That's the question. I have got a list in my pocket where there is not a man in the brigade who has worked more than seven hours in one month fighting fires. Controller Robbins: The cost of living is not going down. Controller McBride: What about the men who have not got nice, soft berths? Controller Cameron: Many men cannot get work; returned soldiers, too. We have got to take that into consideration. Would Have Been Fired. Controller Robbins made a remark about the men withdrawing their ultimatum on a certain understanding, to which Controller McBride replied: "They withdrew their ultimatum because they would have been fired. There is a thousand of a waiting list." The controller added, from information he had, the most any man worked in

EPWORTH LEAGUE EXCURSION

The Epworth Leagues of Toronto held an enjoyable excursion to Port Dalhousie on Saturday the 19th. The large steamer "Dalhousie City" was chartered for the day and after filling her to capacity, the committee were very sorry to leave the dock with several hundred still waiting to get aboard but when the tickets were issued there was no thought of the 19th being a holiday.

On arrival at the beautiful resort on the other side of the lake, a large program of interesting events was carried out. Central district were successful in winning the inter-district baseball series, while Washington league won the clothes pin contest and Hope league won the relay race. On the return trip a sing song was enjoyed by all, after which prizes were presented to those winning the events at the park. All look forward to this becoming an annual event.

MUST LIVE IN CITY

The board of control yesterday decided to continue the city's policy, requiring its employees to live in the city. The only exception would be where living outside was considered advisable for health reasons.

HARBOR SALARIES INCREASED

It is stated that the harbor commission has granted to its employees increases in salary totaling about \$25,000 a year.

CORONER YOUNG WAXES SARCASTIC

Suggests Medical Officer Serve Summons on Himself for Insanitary Morgue.

Realizing the requirements of a well-equipped city morgue, Coroner Dr. W. A. Young fully outlined these for the benefit of Dr. C. J. Hastings, M.O.H., in a letter to the latter yesterday. Included in the letter is the request for plumbing. As it is against the city bylaws to have plumbing out of order, Dr. Young thinks it surprising that the health department should be guilty of a delinquency of this nature. In cases of private residences, where the plumbing is out of order, it is the general custom of the health department to serve a twelve-hour notice, followed by police court prosecution. The city morgue, Lombard street, being under the jurisdiction of the public health authorities, it would be advisable for them to conform with the city bylaws and set the example for citizens in this respect. To The Young suggested as a remedy that the M.O.H. serve a twelve-hour notice on himself and then, failing to complete the plumbing, serve a police court summons on himself. The coroner also points out the great need of a new copy of Holy Scripture for use at the inquests. In

PROTECTION OF BEACHES

The intolerable conditions at the Beaches were mentioned at the board of control meeting yesterday by Controller Cameron, who put in a plea for temporary protection without delay. He said they would probably have a storm again soon, and they should go ahead with work now. It is asked that the officials be authorized to bring down a report, and this met with favor.

CONTROLLERS PASS LIFE-SAVING PLANS

New Stations Along Every Waterfront to Cost \$36,000 Annually.

Capital expenditure of \$38,000 and \$26,000 a year on maintenance of life-saving equipment were yesterday authorized by the board of control. In the way of assistance the Dominion government is handing over to the city life-saving equipment valued at \$29,000 and has agreed to contribute \$2000 a year towards maintenance, the harbor commission allocating a like sum for the latter purpose. The additional equipment is to be provided immediately and paid for in equal proportions by the city and harbor commissioners. Stations Everywhere. It is intended generally to provide a service consisting of stations and patrol boats for the Humber River and lake shore from the Humber to Dowling avenue; for the west end of the inner harbor in the vicinity of the western channel; for the lake shore area near Woodbine avenue to east-section limit; a main life-saving station at the eastern channel to assist general navigation; a look-out tower on the harbor commission building; a patrol boat for inner patrol work; all craft to be equipped with modern pumps, motors, drags and general life-saving equipment, and the harbor commission at Toronto to answer emergency calls on request of the harbor commission.
