

SHOULD ERR TOWARD GENEROSITY IN GIVING MOTHERS' PENSIONS

TORONTO, Aug. 17.—That the mothers' pension committee should rather err on the side of generosity than be niggardly in the allowance was the opinion expressed by Hon. W. R. Rollo, minister of labor, when the commission met at the Parliament Buildings today for the first meeting.

Mr. Rollo said the work the commission was called upon to do constituted one of the most important duties given to any citizen in the public service. The members of the commission would find many obstacles, and the act was not as complete as it might be, but he promised that amendments would be made as from time to time were found necessary. Local committees will be appointed to assist the commission in the work.

All the members of the committee were present, as follows: Peter Bryce,

Toronto (chairman); Mrs. Adam Shortt, Ottawa; Mrs. Wm. Singer, Toronto; Major T. J. Murphy, London, and A. J. Reynolds, Hamilton. Mrs. Shortt was appointed vice-chairman.

DERAILMENTS CAUSE RUMORS OF WRECK

SOUTH BEND, Ind., Aug. 17.—Two derailments on the New York Central Lines today, one at Okeoka, Ind., and the other at Chesterton, Ind., caused rumors of a wreck in which 25 persons were reported killed. No one was injured in either derailment. Rumors of a wreck at Lydick, Ind., were without foundation, according to newspapermen, who made an investigation.

DELAYS RATIFICATION.
RALEIGH, N. C., Aug. 17.—The North Carolina Senate late today voted to postpone action in ratification of federal woman suffrage to the next regular session of the general assembly. The vote was 52 to 22.

TAXI DRIVER OF FIGHTING PARSON FACES CHARGES

Sandwich Police Issue Information Against Spracklin's Chauffeur.

EXCEEDING SPEED LIMIT

Councillor Wright Loses a Horse Stung to Death by Bees.

WINDSOR, Aug. 17.—Vindicated of charges of "negligence in its duty that amounted virtually to protection of law violators," as the result of the report filed last night by the special committee of the Sandwich Town Council, which recently investigated charges made by the Rev. J. O. L. Spracklin, into the liquor traffic on the Essex border, the police department today issued an information against Clayton Pastores, taxi driver for the "fighting parson," who some weeks ago stirred up the province by his sensational arraignment.

Spracklin, who has since been appointed a special officer under the liquor temperance act, tonight assumed full responsibility for the action of his driver, who is charged with exceeding speed regulations while driving the inspector-minister around on his call.

Councillor Wright of the Sandwich Town Council is tonight mourning the loss of a valuable horse, stung to death this morning by a swarm of bees that settled on the animal on the Wright property and inflicted hundreds of wounds.

Horse Stung to Death.
The bees swarming, became angered when the horse in some way as yet unexplained, interfered with them, and in a body, thousands of the bees attacked it. The crazed beast, maddened by the innumerable and painful stings, thrashed its way to freedom through the barn in which it was quartered, and raced blindly around the yard, causing considerable damage to property. Finally exhausted and with its head, body and legs swollen away beyond their normal size, it succumbed.

C. A. Ripley, well-known border business man, was today fined \$2,000 and costs by Magistrate Miers on a charge of illegally selling 150 cases of whiskey. A short time ago the police of Sandwich were called upon to investigate what Ripley described as an attack on his residence by liquor thieves, who forcibly took a quantity of liquor from his home.

Hold-Up Story Framed.
Inquiring into the case, officers became suspicious, and a few days later preferred charges under the Ontario Magna Carta act against Ripley in which they declared he had used the hold-up story as an explanation for the disappearance of the ferry fund.

Mayor Winter today issued a warning to all Windsorites to lay in supplies of fuel immediately if possible for use next winter, as the supplies in the municipal coal pile will not be tapped until the heart of the cold weather has been reached, and the situation becomes so acute through inability of dealers to meet demands that outside relief will be necessary.

Since the adoption of new parking regulation by the Windsor city council two months ago, already over 260 motorists have been penalized for infringements of the bylaw. Fines collected total over \$800.

Between 125 and 150 delegates of the chamber of commerce of the British Empire will visit the border on September 28, following a conference to be held in Toronto earlier in the month according to notification received by Industrial Commissioner F. Macure Sclanders of the Border Chamber of Commerce today. Arrangements were immediately started by Gordon Wickett, chairman of the house committee for the entertainment of the visitors.

Trustee Howe Resigns.
Edward T. Howe, for ten years a member of the Windsor Board of Education, today filed his resignation with Secretary George Courtenay of that board.

Mr. Howe, who at the time of his retirement was chairman of the advisory, industrial, household science and manual training committees, gave as his reason his entrance into business of a private nature that rendered it impossible for him to continue a member of the board.

We are receiving a service that is 50 per cent inferior to that of previous days and why should we pay more for it? I am sure Windsor will oppose the move," declared Mayor Winter tonight, discussing the attitude this city would adopt toward the application of the Bell Telephone Company to the Dominion Railway Board for an increased schedule.

TRAVELER BRINGS WHISKEY ALONG TO BOOST HIS SALES
Harry Baker, Montreal Drummer, Fined \$1,000, Plus Jail Term.
WINDSOR, Aug. 17.—Nine convictions for breaches of the Ontario temperance act were registered in Windsor police court today, none of the defendants of charges concerned residing in Windsor.

George Gouin, motor truck driver of Tecumseh, who was recently questioned by special license officers in that town and who admitted on that occasion accepting delivery of a huge shipment of liquor consigned to 23 different men and delivering it all to seven rum-runners along the river front, walked into the headquarters of License Inspector Mousseau here today and was immediately placed under arrest. He had previously promised to come in immediately after the first hearing and explain his participation in the transaction. Adolphe Cecile of Sandwich East, accused of selling 29 cases of liquor, was not prepared to proceed with his case, which was adjourned.

The convictions registered, with the exception of that of the Montreal man, involved minor amounts of whiskey.

KITCHENER-WATERLOO HOUSING CONGESTION IS BEING RELIEVED
KITCHENER, Aug. 17.—Rising almost like the house of Aladdin, the 50 dwellings, which are being erected by the Dominion Rubber System in this city and Waterloo, are rapidly nearing completion.

In Waterloo the eleven houses planned are all under roof and five of the Kitchener houses, with 23 foundations completed. It is expected the houses will be ready for occupancy by winter. They will considerably lessen the housing stress here.

It was announced in Waterloo today that the price of gas would jump from \$2.40 net to \$2.50 per 1,000 feet. The light commission was forced to take this action in order to cover expenses.

SAY "DIAMOND DYES"

Don't break or ruin your material in a poor dye. Insist on "Diamond Dyes." Easy directions in package.

"CORN"

Lift Right Off Without Pain

Don't hurt a bit! Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. Truly! Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

have reached an agreement with their employers, and this morning they returned to work, those employed at Crowe's Iron Works being the only ones still out. The men succeeded in getting a substantial increase, but not the full amount of their demands.

At the special meeting of the fire, light and water committee this afternoon, Messrs. Sutton and Hatch, representing the two platoons, appeared and presented their case. The committee considered the matter carefully and voted the men an increase of \$10 per month, on the understanding that no further increases would be asked for this year. No final decision in the

matter can be made, however, until it has been dealt with the organization committee. This committee will also deal with the question an increase for the export, engaged to oversee the trimming of trees. He has been getting \$1,200 per year, but now demands \$1,500.

S. Mayers, Metcalfe street, was fined \$1,000 and sentenced to three months in jail by Judge Watt for selling whiskey.

James Cammere, an Italian, was also convicted of selling whiskey and was sentenced to six months in jail without the option of a fine. A similar charge against Joe Yeroni was adjourned for a week.

An old friend In a new form

7 MILLBANK, LONDON, ENGLAND

Why Have "Millbanks" Become So Popular?

Because every introduction leads to lasting friendship. It is a case of "love at first smoking."

One smoker offers "MILLBANKS" to a friend. The friend is delighted with these mild, fragrant Virginia Cigarettes and buys a package for himself. This is happening many times a day in every section of Canada. The reason is easy to find.

MILLBANK VIRGINIA CIGARETTES

have the delightful, distinctive flavour of ripe, mellow, sun-cured Virginia tobacco—coupled with the richness and satisfying qualities found only in the highest grade leaf at its best.

The fact that the price is 15c for 10 is simply an additional reason for preferring "MILLBANKS."
