Pastor Russell's Sermon

The Overthrow of Satan's Empire.

morial Hall was again crowded to hear Pastor Russell. The discourse on "The Overthrow of Satan's Empire," was in the nature of a religious lecture. It was marked thruout by deepest reverence for the Bible, many of the passages of which shone out with a new meaning under the searchlight of his message. He asserted, and seemed to prove, the per-sonality of Satan. But according to his showing it is a great mistake to suppose the arch-enemy of mankind to be afar off stoking furnaces and torturing the dead. Instead, he is the cunning Deceiver who for centuries has been hoodwinking humanity, including the church—putting darkness for light and light for darkness. God did not create him a devil. He became such by self-perversion thru ambition. Originally his name was Lucifer-Morning Star. He beheld our first parents in Eden, noted their power to produce a race in their own likeness and coveted an empire with

them as his subjects.

For six thousand years God has permitted Satan to exercise a measure of deceptive power over the race and to display to both angels and men the terrible results of sin, as exemplified in what the apostle terms the "reign of sin and death," and the mental, moral and physical degradation result-

tan has not been alone. Not only cionally he is the "prince of devils"-demons. The speaker show-Jude 6) how these subordinate demons had once been holy angels, too-and when and where they sinned, and

'The Apostle Peter gives the key to the real solution of the matter when, the flood, he tells us of the fall of the of Noah' kept not their first estate' (I Peter iii, 19, 20). Those angels who were permitted to have a measure of control of the fallen race, with a view to helping them as much as they might be able, and who, for the purse of rendering such assistance mankind, were permitted to appear in human form, because enamored of the human female, and preferred the human form to their own state as spirit beings. They thus left their original estate, as Jude also explains (Jude 6). These angels are the ones denominated 'the sons of God,' none of the

being recognized as 'sons of God,' or angels of light, were thenceforth known as 'angels of darkness,' 'deknown as 'angels of money wicker spirits. Incidentally we remark that these are the 'spirits in prison' mentioned by Peter (I Peter iff, 19), and that altho restricted as their powers of fellowship the manrespects their powers of fellowship with the hely angels, and with mankind, being no longer privileged to appear as men, they still seek human fellowship, endeavoring to gain possession of human beings who yield up heir wills, and who are then said to be possessed of devils or 'obsessed.' is but a preliminary step toward thus getting possession of the individual that these wicked spirits appeal to humanity to become their mediums (spirit mediums), thru whom they to some extent communicate. And they personate dead human beings, because they know well that humanity would shun them and fear them if their real

identity were discovered. "Satan and his subordinates have maintained a system of human decep-tion," the speaker declared, and it must be confessed that he gave Bib lical proofs for his every claim. He asserted that the comm ieyed by spiritualists-Dr. Funk, Prof. Hyslop, Editor Stead and others-to be munications from the dead, are really deceptive communications from these fallen angels. So far from claiming that these professors and mediums practice deception, his claim is that they themselves are deceived and are unintentionally leading others onward into a terrible spiritualistic nearing, according to the Bible. He warned against hypnotism, mind cures etc. practiced by well-meaning but de-ceived physicians, ministers and others. He declared that all these tended to break down the human will, the God-given barrier and defence of mankind against the encroachments of these fallen angels, who seek continto intrude themselves into the mind, thoughts and will of men. He warned all against occult influences of every kind, urging that the human will should be preserved and should be submitted only to the Almighty, and to

granted to the eyes of our understanding as Christians, thru Bible study helps, is intended to be for the Christian what an arc light is in nateur.

"Man's subserviency to Satan is an unwilling captivity. Even those who it realize their bondage do not generally recognize by whom they have been enslaved, but gradually the bonds are breaking as we near the time of Satanian's overthrow. According to the Bible our Lord at His second advent will bind the adversary for a thousand years that he may deceive mankind no more. Meantime all the blessed influences of light and truth and grace will be let loose in the world and as a result the 'knowledge of the glory of God shall fill the whole earth. Instead of the darkness of the night of sin and death there will be the 'morning of joy,' and gladness and restitution and blessing. The sun of righteousness will arise with healing in his beams." Of that glorious day Saint Peter spoke, saying 'Times of refreshing shall come from the presence of the Lord, and he shall send Jesus Christ, who before was preached unto you, whom the heavens must retain until the times of restitution of all things which God hath spoken by the mouth of all the holy prophets since the world began' (Acts iii, 19-21). Satan's destruction, according to the Bible, will not be consumed to the contrary, the disobedient, the course of Satan, will ultimately share holy prophets since the world began' (Acts iii, 19-21). Satan's destruction, according to the Bible, will not be consumed to the course of Satan, will ultimately share holy prophets since the world began' (Acts iii, 19-21). Satan's destruction, according to the Bible, will not be consumed to the decision as the course of Satan, will ultimately share holy prophets since the world began' (Acts iii, 19-21). Satan's destruction, according to the Bible, will not be consumed to the decision as the course of Satan, will ultimately share holy prophets since the world began' (Acts iii, 19-21). Satan's destruction, according to the Bible, will not be consumed holy prophets since the world began (Acts iii, 19-21). Satan's destruction, according to the Bible, will not be consummated until after the Millennial Kingdom of Christ shall have accomplished its glorious work of uplifting humanity out of sin and death conditions to full human perfection and the image of God. All the unwilling and disobedient will be counted as servants are destruction.

"Responsibility and the decision as to life eternal and death eternal, come as no each member of Adam's race as soon as he is brought into a clear knowledge of the truth. This privilege of coming to a knowledge of the truth, its equivalent to a constant of the comportunity of eternal salvation, is secured to all the families of the earth, to Adam and every member of tion-from which there will be no re-

demption or recovery. "The missionary work of blessing and uplifting 'all the families of the earth' is appointed of God for the millennial kingdom—and, thank God, the evidences are that it is very near, yea, in a sense, already beginning. Its blessings are intimated by the wonderful progress of our day. Everything blessings are intimated by the wonderful progress of our day. Everything waits until the predetermined number of missionaries shall have been called and schooled and tested and found worthy of the great and honorable work. The qualification is that each must be a 'copy of God's dear Son'—so far as heart intention is concerned. so far as heart intention is concerned. Then these missionaries will be glori-fied like their Lord, on the spirit plane and with him they will constitute the Kingdom of God's dear Son, which for a thousand years will bless the world and bring to pass all that the

God's will has been done. The adversary temporarily misled the Church into a misunderstanding of her mission. He sought to have us lower our standard of seintship in or lower our standard or seintship in or lower or lowe der to increase the Church far and near. He sought to oppose the divine will by lowering the standards of saintship so as to include the masses of mankind. He thus worked against divine arrangements. But he has not succeeded. God has merely allowed him to prove, test, separate and manifest the saints-the 'very elect.'

> show us, will result in a great time of Intyre, Donald ble. in which the passions of men but partially enlightened will do great iolence to the entire social fabric. We see the preliminary steps already taken, and, in the light of the scriptures, we see the awful catastrophe which will result. The world is rapidly resolving itself into two mighty powers, selfishly and with semi-enlightenment, preparing for a headlong collision which vill mean wreck and ruin, tribulation and anguish, to practically the whole world. The Bible, in calling attention to this great time of trouble, warns the people of God, so far as possible to avoid both sides of the second control of t avoid both sides of the controversy, saying. 'Seek meekness; seek righteousness, it may be that ye shall be hid in the day of the Lord's anger' (Zephaniah ii, 3), With the wreck of the present institutions comes the end of Satan's passion and strife engendered at that time that the scriptures declare that if it were not for the 'Elect' there would be no flesh saved (Mark xili, 20). The interposition of the elect as the Kingdom of God under Jesus the great King and Head of the elect, is the silver lining of that dark cloud. The moment of man's extremity will become the moment of God's opportun-

our Father and Redeemer! And what an incentive we have to seek first, a share with our Savior in His millenmial kingdom and its gracious work of human uplift—from the depths of sin and degradation to the heights of earthly perfection and eternal life! Let us, as the apostles exhorts, 'lay aside every weight, and the sin that does so easily beset us, and let us run with patience the race set before us' (Hebrews xii, 1). This race is for the crown of glory" as members of the Elect Missionary Church and for the glorious opportunities then to be afforded for the realization of the most glorious dreams of service for the King of kings and Lord of lords.

"We cannot suppose that Satan's empire is entirely satisfactory to himself! Undoubtedly his original thought was the organization of a realm resembling that of the Almighty. But the course of sin is ever downward. To obtain control of our first parents they were misled linto steps of disobedience—sin—and the adversary himself, having started upon the wrong course, can maintain his own standing and kingdom and its practical proposition to Jehovah. This is the significance of the name given him in the scriptures—'Adversary.'

"The scriptures set forth that all humanity must, either now or some time, come to the point of decision between obedience to God and disobedience. The obedient will be guided back to

disobedient will be counted as servants of Satan and will, with him, be destroyed in the second death—extinchis race, thru the great Redeemer's sacrifice, finished at Calvary. While thanking God for the length and breadth and height and depth of His glorious provision for the world in general, we who now hear the message and heed it have the special blessing and opoprtunity of joint-heirship with Jesus the Redeemer in His great with Jesus the Redeemer in His great work of the millennial age. Let us not only accept the divine favor, but let us run with patience the race set before us, looking unto Jesus, the Author and the One who shall be the Finisher of our faith, seeking for needed aid to make our calling and election sure!"
