PREFACE.

In offering the present edition of the CITY OF TORONTO DIRECTORY to the Public, the Publishers have to regret the unavoidable delay in its issue, owing to the Printer's Strike, and their consequent inability to procure the necessary hands. The numbering of the houses in the city is so far as possible, followed in the Street Directory—and every exertion has been made to make the work as complete as circumstances would permit. The book will be copyrighted and the next edition, the publishers are determined, will atone for the inconvenience caused by delay.
