

Good Things Coming to Theatres of St. John

MARY PICKFORD IN "THE PRIDE OF THE CLAN"

Tonight at Imperial
Mary Pickford in the wonderfully interesting Scotch story "The Pride of the Clan" at Imperial tonight will be the third and last of the 10th anniversary features in film and will doubtless attract large business. The first show will commence at 7 o'clock and the second at 8.45. The prices will be 25 cents for adults and the matinee prices 15 cents for adults and 5 cents for children. This feature will be shown today and Tuesday only and not the three days as it usual with these big features. Patrons are requested to observe this last mentioned information as some have perhaps got into the habit of thinking that all our big features are of three-day runs.

HE DIED FOR RIGHT

This is a picture of J. E. Richards, whose death in the war was announced on Saturday. In St. John the Baptist church yesterday Rev. F. J. McMurray made feeling reference to the death of Mr. Richards and also of Pte. Frederick McDonough.

SAPPER HARRY DUPLISSIE IS KILLED IN ACTION

Another St. John Soldier Gives Up Life for Right—Sergeant Fred Wade Killed—The late Wm. S. Gray

Another St. John soldier sleeps in a hero's grave in far off France. Sapper Harry P. Duplissie, a former St. John boy but for the last eight years had made his home in the west. He was thirty years of age and was the only remaining son of three to give up his life. Herbert, a brother, was accidentally shot in British Columbia in last November and another brother, William, was drowned at Westfield some years ago. Sapper Harry enlisted for overseas service a year ago in the 5th Field Ambulance Depot, corner Union and Haen streets. He was killed in action on May 3, 1917, at the battle of Vimy Ridge. He was a crack rifle shot and for some time acted as a sniper for the Canadians. News of his heroic death has created great sorrow among his friends in this section.

Sergeant Fred Wade

John Wade of Penniac, York county, has been officially notified that his son, Sergeant Fred Wade, has been killed in action. He went overseas with the first contingent and had been on active service for more than two years. He was a crack rifle shot and for some time acted as a sniper for the Canadians. News of his heroic death has created great sorrow among his friends in this section.

The Late Wm. S. Gray

Many friends in St. John did not realize when they read on Saturday of the death in action of William S. Gray, whose wife has been living at Victoria Mills, that the young man was really a resident of this city. He was a son of the late Walter Gray of Campbellton, but had lived in St. John since his boyhood. He formerly worked with P. McAvity & Sons, but after his marriage moved to the State Marine. He came home again to enlist and went over as a bugler with an infantry battalion, but spent only a day and a half in England, going at once with a draft to France to join a famous New Brunswick battalion. He was one of the heroes of Vimy Ridge.

A letter just received by his sister, Mrs. Fred G. Bailey of 21 Richmond street, told of the terrific fighting, and said he did not know whether he would live to write again.

Private Gray, besides his wife and little daughter, leaves three sisters, Mrs. Bailey, Mrs. Leonard Blizard of Fredericton, and Mrs. D. P. Bonner of 255 Brunswick street; also one brother, Sherman B. Gray, of 267 Brunswick street, Sanford. Private Gray was a member of the Royal Canadian Mounted Police and was a member of the St. John's Rifle Club.

The young soldier would have been twenty-two years old on May 3, but death found him before that date, and he answered the call and made the supreme sacrifice. He was a member of Court Yukon, I.O.F., of this city, and had a wide circle of friends whose sympathy goes out to the bereaved.

Major J. P. Edwards Killed

Major J. P. Edwards of Halifax has been advised that his son, Captain Joseph Plimsoll Edwards, has been killed in action. He was a member of the 5th Field Ambulance Depot, corner Union and Haen streets. He was killed in action on May 3, 1917, at the battle of Vimy Ridge. He was a crack rifle shot and for some time acted as a sniper for the Canadians. News of his heroic death has created great sorrow among his friends in this section.

NEW RECORD IS MADE BY WHEAT

Chicago, Ill., May 7.—New high record prices for wheat resulted today from scantiness of offerings and because of an official statement that the winter crop in Missouri had not only failed to show a hoped-for improvement, but instead had undergone further impairment. Opening quotations, which ranged from the same as Saturday's finish to one cent higher with May at 27 1/2 and July at 22 1/2 to 23 1/2 was followed by a decided advance all round, carrying May at 28 1/2, a cent above any previous record.

SPRINGHILL STRIKE AVERTED FOR TIME

Miners to Place Grievances Before a Royal Commission

Amherst, N.S., May 7.—A threatened strike at Springhill has, for the time being, been averted. At a miners' meeting on Saturday night a closed ballot was held to decide whether or not the men would strike. A decision was reached that the men would continue in the mines until the arrival of a royal commission at Springhill when their grievances would be placed for summary disposal.

FLOUR UNCHANGED
There was no change in the flour market this morning. The high price was maintained by the firmness of the Chicago wheat market. May wheat touching 2.84 1/2, this morning.

NEW MILITARY POST

It is understood that a new office is to be created at the New Brunswick command to be known as a quartermaster-general. It will be filled by a returned officer, one who has knowledge of the quartermaster's work and one in good enough health to do considerable traveling. The rank of the officer to get this appointment will be at least captain. His work will be to look after the stores and supplies of the western units that come into the province for temporary stays. In the past many of these units, not being up in this branch of the quartermaster's work, have caused trouble to the staff officers here, and for this reason it is thought advisable to create the new office.

If You Want Evidence

That Hemorrhoids, or Piles, Can Be Completely Cured, Read These Letters—Both Are Sworn Statements.

Toronto, Ont., May 7.—Next to personal experience the sworn statements of reliable people is the strongest evidence obtainable. If you have any doubt that Dr. Chase's Ointment will positively and completely cure piles, these letters should convince you.

Mr. Samuel Parker, fruit grower, Grimsby, Ont., has made the following declaration before M. W. W. Kidd, Notary Public of the same place: "I do solemnly declare that I was troubled with bleeding piles and was advised to go to the hospital to have an operation performed. My wife said 'No, get a box of Dr. Chase's Ointment.' I did so and have used it according to directions while living in Manitoba and obtained a complete cure. For I have never been troubled with piles since. I am now seventy years of age and want to recommend Dr. Chase's Ointment to all sufferers from piles. My wife has used it for itching skin and obtained complete cure."

Mr. Donald M. Campbell, Campbell's Mountain, N.S., writes: "I have used Dr. Chase's Ointment with great success for hemorrhoids or piles of fifteen years' standing. After trying all kinds of so-called pile cures, three boxes of Dr. Chase's Ointment gave me a complete cure. I have also used Dr. Chase's Kidney-Liver Pills, and there are no others so good. You may use this letter, if you wish, for the benefit of others who may suffer as I did."

Sworn before me, Murdoch Gordon Campbell, J. P., in the County and for Inverness County.

If you would like to try Dr. Chase's Ointment at our expense, send a two-cent stamp to pay postage and we shall mail you a sample box free. Full size box 60 cents, at all dealers, or Edmondson, Bates & Co., Limited, Toronto.

BUCK TIMES FOR BRITISH MISSION IN WASHINGTON

Washington, May 7.—The third week of the visit of the British mission began today with conferences among the various committees among which the various questions of America's participation in the war against Germany have been divided. During the week some committees probably will report back to the main conference who in time may make announcements of decisions reported.

As the conferences develop it becomes more evident that all questions are extremely complicated in their various inter-relations to other questions and that the most difficult part of the work consists in harmonizing the various conflicting needs. For instance, the sending of an American expeditionary force desired by both French and British missions involved not only military considerations but also the question of whether it is wise to divert the tonnage necessary for troop transportation from its present work of carrying food and munitions. Likewise it is essential to restrict exports to the materials most vital to the war.

Every day the British mission stays shows an increasing interest in the power and a more marked change of the government from a peace to a war basis. Such proposed new legislation has been inspired by England's experience under similar circumstances and American officials are taking advantage of every minute of the stay of the British mission to develop the United States' central war organization. It is along this line that new bodies such as a munitions board, a railroad executive, a centralized intelligence office and an expert supervision board have been or will be formed.

It is to extend the machinery and speed it up to war requirements that we seek to expand our employment agency. The department has begun the organization of a great army of boys under military age and over sixteen for work on the farms or wherever they are needed. This work will be directed independently of the employment agencies, by William Edward Hall of New York.

The department also has definite commitments to furnish skilled mechanics, government munition plants, arsenals, and many yards, and to supplement the army of skilled farm laborers now being recruited by the department of agriculture with unskilled men, to aid in harvesting the crops.

The department has asked for an appropriation of \$500,000 to build up and extend the existing machinery, in order to meet the demands now being made upon it by other departments in the interests of national defense.
