BOTH LANGUAGES IN THE SCHOOLS

Matter Discussed Yesterday in
The Quebec Legislature.

Quebec, March 11.—(Canadian Press) Strong pleas for a better teaching of both French and English in this province and stressing the importance of bilingualism, were delivered in the legislature yesterday.

Dr. B. A. Conroy, member for St. Anne's-Montreal, held that too little French was taught in the English schools and too little English in the French schools.

Henry Miles, member for St. Lawrence-Montreal, who spoke in French, was loudly applauded when he said that he was proud to say that his children could speak French better than he could. He thought that if all children were taught both languages they would be better prepared for the battle of life.

Nestor Ricard, member for St. Maurice, in his maiden speech, affirmed that French should be spoken on all occasions instead of English.

ANOTHER CHANGE WAR HAS BROUGHT

Married Men Have Become
Numerous Among Under-
graduates of Cambridge and
Oxford Universities.

Cambridge, Eng., Feb. 22.—(Associated Press by Mail)—Married men have become quite numerous among the undergraduates of Cambridge and Oxford Universities since the war. Prior to that time they were practically unknown in the student bodies of those universities. Some of them bring their wives and children to the university towns to live. One of the professors here who was unaware of this unusual situation was so astonished recently when he saw and understood pushing a carriage containing a baby that he demanded an explanation. The student told him that the child was his and that his wife was living in Cambridge. Inquiry has since brought out the fact that there are a number of married men in the Cambridge University.
