COMEDY ACT SCORES A HIT AT OPERA HOUSE

Colored Man's Trip to "Ghost Valley" is Thoroughly Enjoyed—A Good Musical Offering, Classy Dancing and Singing—New Programme Tomorrow.
The week-end bill at the Opera House will end tonight. Some of the acts made a big hit and were thoroughly enjoyed by pleasure seekers on the holiday. Haliday and Burns have an amusing act, in which a blackface comedian plays a prominent part. His antics kept everybody convulsed with laughter. Another act which made a popular hit was that of Craig and Hollisworth, who are clever violin and saxophone players. They also sing and dance and their offering was well received. Nada Noran won appreciative applause with her song hits; while Lewis, La Varre and Davis pleased all with "Bis de Buisque." Roy and Alida entertained with variety dancing and in addition there was another episode of "Hidden Dangers," featuring Joe Ryan.

"MAPLE LEAFS" ONLY SHOW YET BOOKED

Next Week's Merry Soldier Attraction Only Company Coming to Maritime—Better Than "The Dumbbells."
The holiday season rather crowded from the minds of some of the regulation that next week the best soldier show on the road is to play here, namely The "Maple Leafs"—not leaves. However, today a score of applications for seats in the mail-order department of Imperial Theatre indicated a sudden awakening to the situation. Everywhere the "Leafs" have appeared they have been a sensational success. They put on the same character of programme as The Dumbbells, their sister show, but critics in Toronto and Montreal claim the new-comers are really better. Suffice it to state the programme they purvey is a riot of laughter and merriment, with surprise upon surprise and novelty upon novelty. Tickets may now be secured by mail order if cash accompanies the order and on Friday of this week the act at the box office opens. The playing dates are Jan. 10, 11—next Monday and Tuesday. It will be the brilliant civic-military event of the winter season.

Charlie Chaplin will also be featured in one of his best comedies "The Adventurer." This programme will be shown all this week.

A bottle of Hood's Sarsaparilla will average to last three or four weeks, while others last but a week or two, and some even less time.
Hood's Sarsaparilla is effective as a blood purifying and tonic medicine and also for the flu, grip, fevers and other debilitating blood-poisoning diseases. It purifies the blood, creates an appetite, and makes food taste good.

CAREFUL WATCH ON THE SAVINGS DEPARTMENT

Provincial Bank Fosters This Branch of Its Business—Attractive Calendars—Remarkable Growth of Sound Institution.

Following their long established custom, the Provincial Bank of Canada will again this year present a very attractive calendar to its customers and friends. Although this calendar is distributed to all, it is especially intended for the active members of the savings department. In fact, a policy of special attention to this department has recently been inaugurated. Every depositor now coming to the bank is given a small card expressing the appreciation of the directors for the money granted and selecting the influence of everyone towards including their friends in the savings account with the bank.

Since its foundation in 1900 the Provincial Bank has always been particularly careful of its savings department. Great facilities as well as efficient protection have always been given to depositors.

This bank is the only one in Canada having established for the control of its savings department a committee of directors, who examine monthly the investment made in connection with the savings department. This committee is composed of the following gentlemen: President, Hon. Sir Alexander Macdonald, K. C.; Vice-president, Hon. N. P. Perceval, N. P.; Minister without Portfolio in the Quebec Government, Mrs. J. B. Rolland; President Rolland Paper Co.

A similar system to this has been in force in Europe for years, and more especially in large French banking institutions, also in Scotland. The good results obtained have served to strengthen the confidence of the public in such institutions. An evident proof of this confidence was recently given to the directors when the Provincial Bank of Canada, in January, 1919, and May, 1920, offered to the public two stock issues of one million dollars each. These stock issues in a very short time were over-subscribed and a great number of demands for further new shares of the bank had to be refused on account of those available having been disposed of so quickly.

Deposits of any amount are accepted in our savings department, and in order to fully accommodate everyone, even \$1 is sufficient to open an account. However small they may be, carry interest at the rate of 3 per cent per annum, payable on June 30th and December 31st of each year. All deposits received by this bank are redeemable and may be paid on demand.

Following is the personnel of the board of directors: President, Hon. Sir Horatio La Plante, P. C., ex-mayor of Montreal, director of Canadian National Railway.

Vice-president, Mr. W. P. Carsley, director of the Woods Milling Company, director Credit Foncier, Franco-Canadian.

Mr. G. M. Bosworth, president Canadian Pacific Ocean Service, Ltd.
Mr. L. J. O. Beauchemin, president Libranche Beauchemin, Limited.
Mr. Martial Chevalier, general manager Credit Foncier Franco-Canadian.

Hon. Nemesis Gagneux, C. L., Quebec, ex-minister of agriculture.
Although it is only twenty years since the Provincial Bank of Canada has been in operation, its total assets amount to \$400,000,000; its capital and reserve funds are now \$3,000,000. It has a wide organization especially in the provinces of Quebec, Ontario, New Brunswick and Prince Edward Island, having a chain of 110 branches as well as a large number of sub-branches and agencies. (In St. John City three branches are in operation.)

As may be seen, the members of the board of directors of the Provincial Bank of Canada, and also the members of the board of control for the Savings Department, are all very favorably known in public affairs. One must not therefore be surprised at the remarkable progress of the bank since its foundation.

The address recalled the assistance which had been given to the work of the institute by Mr. Cohalan during the four years that he has well held the post of secretary, and asked him to accept the accompanying gifts as a mark of esteem and appreciation of the active members of the organization.
