Whatever the price may be that you have mentally decided to pay for your Winter Overcoat, just come to me and I will give you a coat that will be worth more than that price, but will cost you less!

I can do this because I do not have to pay the extravagant rentals demanded up-town. Then, my whole scheme of expense is less than the merchants up-town. I save in a hundred ways and instead of putting those savings altogether into my own pocket, I give them to my customers. The result is that my trade is increasing more rapidly than in any other store in New Brunswick.
