PILOT BOAT, IN STORM, NOT HEARD FROM

No word from Defender and Inquiries by Wire A'long Coast Bring no Response—Six Men Aboard

One week out today some anxiety is felt for pilot boat No. 5, the Defender, which left here on Thursday last for a cruise down the coast, and from which there has since been no word.

Three pilots were aboard the Defender, James H. Miller, 47 Broad street; John L. C. Stierard, 21 St. James street; and William Spoor, 21 Queen street; with Captain Joseph Smith in command and two of a crew.

Since the boat left port there have been two days of wild storm, William Murray, the owner of the Defender, has wired all along the coast but with no results, as nowhere has there been anything seen or heard in connection with the missing pilot boat. There is a suggestion that she may have been blown off and has not yet had time to return. Another view is that she may be some place where she has not had opportunity to communicate with the shore. The pilot boat No. 1, H. D. Troop, arrived this morning but brought no word of the Defender.

ANOTHER BUSINESS HOUSE HERE

M. W. Doherty to Manage A. R. Williams Machinery Co. in St. John—A Healthy Sign

A. R. Williams Machinery Co., of St. John, N. B., Ltd., is the name of a company which is soon to open a warehouse and office in this city. Negotiations are now under way for the purchase or lease of a building to be the headquarters of the new company and a decision will be reached probably by the first of the week and the company will start business January 1.

The capital stock is \$60,000 and the names of those applying for letters patent are: Alfred R. Williams, of Toronto, machinery broker; Manning W. Doherty, St. John, machinery broker; Frederick W. Kichel, of Toronto, machinery broker; and Robert Kerr, of Brantford, machinery broker.

The objects are stated to be to manufacture, buy, trade, sell and deal in machinery and electrical appliances of all kinds, also grain elevators, locomotives, steam or other ships, etc.

Mr. Doherty, one of the incorporators of the company is now at the Royal Hotel. To a Times reporter he said the new company would be a separately incorporated company and would work in with the A. R. Williams Machinery Co. of Montreal, the A. R. Williams Co. of St. John and the A. R. Williams Co. of St. John, N. B., Ltd. These are separate companies they are closely allied and together form the largest machinery company in Canada if not in America. They have a turnover of more than \$2,000,000 per year.

The stockholders of the local company include members of the A. R. Williams Machinery Co. of Toronto; the Canadian Machinery Corporation, of Galt, Goldie & McCulloch Co., Galt; M. W. Doherty and some large manufacturers in New Brunswick and Nova Scotia.

The company will have the exclusive agency for the maritime provinces and Newfoundland for the Canada Machinery Corporation, Goldie & McCulloch, Beardmore Belling Co., and others and will handle a full line of wood-working, iron working, saw mill, cement and pulp and paper machinery, saws, vault doors, gas and marine engines, boilers and machine shop supplies.

Mr. Doherty, who will manage the local company, was lately with the Canada Machinery Corporation and before that with the Sussex Machinery Co. He organized the Canada Machinery Corporation and it is a result of this merger that they are able to open up these additional branch warehouses.

Mr. Doherty has great faith in the future of St. John when the corporation decided to open branches in this city and in Calgary. He was given the option of taking the management of the Calgary branch or coming here, and he chose to come to St. John. He expressed the opinion that the development of the next ten years in this city would exceed that of the last fifty years. An evidence of the better conditions here is shown from the fact that a building which Mr. Doherty wanted to purchase is held for more than three months. He thinks this is a healthy sign.

Several other large Canadian firms have had representatives here within the last few days looking over the situation with a view of purchasing or leasing buildings for the establishment of branch houses. All this points to bigger and busier St. John.

FIRE IN CHATHAM

Blaze in Chinese Laundry Causes Some \$2,000 Loss—The Pulp Mill

Chatham, N. B. Dec. 1—(Special)—Fire about noon today broke out in a Chinese laundry adjoining W. T. L. Weldon's tailor store. A line of clothes hanging over the stove collapsed and the clothes caught fire. The blaze was soon got under control, though the lower floor was gutted. The property belongs to Mr. Weldon, who carries some insurance. The damage is estimated at about \$2,000.

When the Miramichi Pulp Company's mill closed down on Tuesday, there were twenty-five cars laden with pulp on the track waiting orders and these have had to be unloaded at the request of the rail-road company. The company has sold its paper mill at Nashua and has to depend on the general market for the sale of the products of this mill.

HE HAD \$300 AND JAG

When arrested yesterday afternoon in the Union depot by I. C. R. Policeman Smith, Jacob Diehl had about \$300 on his person, and he was made aware by Judge Ritchie this morning in the police court of the risk he had run in becoming drunk with such an amount on him. He was kept in the police station until the Boston train will leave this evening when, after paying an \$8 fine, he will be allowed to go to his home in United States.

Six men were arrested last night by policeman McNamee and McCollum in Water street, all charged with drunkenness. Each of them, Arthur Doal, Segal, O'Connell, John McNeil, Andrew O'Brien, Wm. Lockhart and Daniel Donahue, was fined \$8 this morning in the police court.
