Utica, N.Y., Jan. 18.—Devere Esmond alias David Esmond, alias Henry Drane, is locked up in the police court in this city, awaiting the arrival of an officer from Chicago, who will take him to that city as soon as a requisition has been obtained from Governor Morton, to answer a charge of forgery. He is an old offender, who has been leading the detectives a lively chase for the past week, Esmond arrived here yesterday morning. operator at the station to cash a check for \$60 on the Union Bank of Canada, signed by D. V. Esmond, and payable to The operator declined. Esmond went to the ticket office, the railroad restaurant and Baggs' hotel, and failed to get the check cashed. Then he offered to surrender it for \$17. In the meantime the conductor of the train had notified an officer that Detective Carpenter, of Montreal, had seen Esmond board the train with a ticket for New York yesterday, and requested to be notified if he left the train en route. Sergeant Landers and Officer Chaefer arrested Esmond on suspicion and took him to headquarters.

When questioned this afternoon, Esmond acknowledged that the check which he tried to have eashed was worthless, as he had no account in the Union Bank of Canada. On the way to the police headquarters, Esmond relieved himself of a package, without the knowledge of the officers, but it was found later. It contained two drafts for £368 each, dated January 7th, payable to D. V. Esmond by Thos. Cook & Son. London, and signed by E. J. The Brazilian government has resolved to order six cruisers of the type of the Liguria. Gen. Galvao, the minister of war, it is reported, will resign owing to the differences of opinion.

FRONTIER IMMIGRATION Report of the Committee on Canadian Mi-

gratory Laborers. New York, Jan. 20.-The report of the mmigration investigation committee ap-pointed by Secretary Carlisle on June 13, 1894, has just been published. The chapter 1894, has just been published. The chapter on Canadian migratory laborers says:

"At least 1000,000 persons come into the United States annually from these sections and fully 50 per cent of them return to their homes at the end of the working season, or of the time when they have accumulatted a certain sum of money. And this 100,000, be it understood, does not include those who come daily into the cities of Buffalo and Detroit and other border town and cities. In some cities and towns tewn and cities. In some cities and towns notably Detroit and Buffalo, they send their laundry over the border and those who come and go daily bring their dinners with Some even made a boast that they did not even spend a penny in the States.

The ocean holds back in some degree the cheap laborers of Europe. The cheap laborers of North America have literally only to step over the border to be among American working men object strenu ously to a condition which admits such un fair competition with their labor. They

the future, desires to put itself squarely on record as against the absolute prohibition of record as against the absolute prohibition of immigration or a restriction practically amounting thereto. In fact an entire closing of our ports to immigrants would inevitably result in untold injury to if not the very annihilation of our large transportation and manufacturing enterprises, in a disastrous stoppage in the development of great sections and in a famine of servants." The commission nevertheless advises, in view of the injury done to American labor by Canadian migratory laborers, that congress provide a law regulating immigration
