

## PRIZE LIST FOR THE FLOWER SHOW

WILL BE H D HERE IN MONTH OF AUGUST

The Victoria Horticultural Society Has Arranged For an Excellent Exhibition This Fall.

The Victoria Horticultural Society will hold its flower show on Wednesday and Thursday, August 16th and 17th. In view of the fact that the regular fall fair held under the Agricultural Society has been withdrawn this year, the flower show will be the only one which Victorians will have an opportunity of patronizing.

The society is affiliated with the Royal Horticultural Society of England. All flowers shown must be the bona fide property of the exhibitor, and must have been in his or her possession at least three months before the show. Subscribers to the amount of \$2 are members of the society, and entitled to admission to all shows and to compete.

Entry forms may be obtained from Hibben & Co., or Jas. A. Bland, the secretary of the society, 115 Toronto street.

The Victoria Horticultural Society has done much to encourage the cultivation of flowers in this city. Its officers for the year are as follows:

Honorary president, His Honor Sir Henri Joly de Lotbiniere, Lieutenant-Governor; president, F. B. Pemberton; vice-presidents, Mrs. Henry Croft, Mrs. Frank Barnard, Mrs. E. Crow, Baker, Mrs. B. W. Pearce, Major C. T. Dupont, W. Fernie, W. F. Burton and Roland Stuart; honorary treasurer, E. B. Billingham; secretary, James A. Bland; directors, P. T. James, L. Russell, J. Sherburn, W. J. Savory, J. P. Stewart, G. E. Wilkerson, A. Osborn, Mrs. H. Siddall, James Manton and Mrs. F. Morrall.

**UNITED IN WEDLOCK.**  
Miss D. Richardson and Mr. J. C. Hocking Married on Monday at St. Andrew's Church.

A pretty wedding took place last evening at 7.30 o'clock at St. Andrew's Presbyterian church, the contracting parties being Miss Dolly Richardson, youngest daughter of Mr. and Mrs. Jonathan Richardson of the "Manor," Mendocino street, and Mr. John Cornelius Hocking, second son of Mr. and Mrs. Wm. Hocking of Ashcroft, and formerly of Butte, Mont. Rev. W. Leslie Galt conducted the ceremony, and Miss Winnie Fox acted as bridesmaid, while the groom was supported by his brother, Mr. Tom Hocking. Messrs. Will Hocking and H. Spink acted as ushers.

The bride looked charming in a gown of cream silk trimmed with Valenciennes lace carrying a shower bouquet of white roses. She also wore a veil of Brussels net looped with Orange blossoms, a gift of her brother-in-law, Mr. J. P. Fowler, of Sooke, British Columbia. Miss Fox was prettily attired in a white silk dress with a large picture hat to match also carrying a beautiful bouquet of roses.

The bride was given away by her father, Mr. J. Richardson. Jesse Longfield presided at the organ.

After the ceremony a reception was held at the residence of the bride's brother, Mr. Percy Richardson, on Foxe street, when a large number of friends sat down to a sumptuous repast. Advantage was taken of this opportunity to offer congratulations, and well wishes upon the newly married couple. The groom responded in suitable terms, and his remarks elicited enthusiastic applause.

Mr. and Mrs. Hocking left by the steamer Princess Victoria for Ashcroft this morning, where they will take up their residence. They were the recipients of a large number of costly and useful presents, among which were the following:

Mr. J. Richardson, Princess dresser; Mrs. J. Richardson, silverware; Mr. and Mrs. Wm. Hocking, check; Mr. and Mrs. Stuart Henderson, silver coffee pot; Percy Richardson, check; Mr. A. J. and Mrs. Longfield, case of silver spoons; Mrs. J. P. Fowler, England, table centre and pictures; Mr. and Mrs. Doyle, towel rack and whisk; Mr. and Mrs. L. **ALBERNI NEWS.**  
Further Particulars of the Banquet to Dr. Ross—General News of the District.

A correspondent writing from Alberni says:

A very representative gathering of residents of Alberni and district to the number of forty sat down to dinner at the Arlington hotel on Friday evening, June 9th, at the farewell banquet to Dr. Ross, formerly of Rossland and Nanaimo, who after four years' residence here has left to seek professional success in the larger field of Vancouver city. Dr. A. W. Watson presided, with Rev. Mr. Glasford as vice-chairman. Mrs. Ward, of the Arlington, provided a most generous table, and full justice was done to her catering by the appreciative guests. A short but comprehensive toast list occupied two hours of the evening, with songs and accompaniments. An address to Dr. Ross, expressive of the sentiments of the community, was read and presented to him, signed by all those present and to which were unavoidably absent. To this Dr. Ross replied in suitable terms. It must have been extremely gratifying to him to receive as he did from those present so marked an expression of the goodwill, confidence and respect of those among whom he had resided for four years.

The Alberni Creamery has made a very successful start. Though only at work a little more than two months, it has already made a sale of nearly 600 lbs. of butter per week, and is shipping to outside markets.

The cannery at Uchucklet Harbor is again in operation for the season, but the fish are a little backward in running. A good season is anticipated, and the harbor is now a scene of great activity.

Although the Hay's mine has shut down, the industry in the district generally seems to be looking up.

The Gladys mine at Hell's Gate, on the canal, has a force of seven or eight men at work. This property, which is a copper proposition, is owned by San Francisco capitalists, and is in a very promising condition, showing a well defined lead.

The Happy John, also on Alberni canal, is actively at work. It is owned by Messrs. Ensign. It is under bond to Portland capitalists, whose interests are represented by F. Gagar, a well known mining man.

The Southern Cross at Uchucklet has five men at work taking out some high grade copper, which will be shipped to Ladysmith.

Several other properties in the district, including that on the coast owned by Messrs. Ward and Thomson, where a road and wharf is nearly completed, are being developed, and it may be said that mining matters here are generally looking up.

The most sanguine anticipations are built on the new ownership of the E. & N. railroad by the C. P. R.

**RHEUMATIC PAINS**  
Driven Out of the System by Dr. Williams' Pink Pills.

"My life was absolutely made miserable by rheumatism," says Mr. Geo. F. Hilpert, of West River, Sheet Harbor, N. S. "I am employed every spring as a river driver, and in consequence am exposed to all sorts of weather and exposure in the cold water. A few years ago, while engaged at my work, was seized with the most acute pain in my back and joints. I became almost a cripple and could scarcely move about. I had medical aid, but it did not help me. Then I began taking a remedy called Dr. Williams' Pink Pills, and I used ten dollars worth, but derived absolutely no benefit. The constant suffering I was in began to tell on my health, and I was becoming very weak. I became so badly run down that I despaired of ever being in good health again. Then a friend called my attention to Dr. Williams' Pink Pills, and although some what skeptical I decided to try them. I had only used a few boxes when I began to feel better, and after I had used something over a dozen boxes I was again in good health. Every twinge of the trouble had left me, and although I have been subject to much exposure since, I have not had a twinge of the old pain. I can honestly say that Dr. Williams' Pink Pills cured me after other expensive treatment had failed."

Rheumatism was rooted in Mr. Hilpert's blood. The cold and the wet and the exposure only started the pain going. Dr. Williams' Pink Pills cured him. These pills actually make the pure blood, and cause the poisonous uric acid out of the blood and filled the veins with that new, rich blood that no disease can resist. It was about 7:15 when the Fifth Regiment was called to attention on the plains of Macaulay last evening. Nos. 1 and 2 were immediately ordered to commence training on the thirteen-pound field guns, and they did so with commendable enthusiasm. Then Nos. 3 and 4 were marched into Fort Macaulay, where the six-inch ordnance was handled, unloading, cleaning, etc., being done through a vim that must have been a source of gratification to the officers in charge, as well as the men comprising the respective teams. Nos. 5 and 6 were detailed for skirmishing duty, and with them were the portions of Nos. 1, 2, 3 and 4 not engaged with the thirteen-pounders of the six-inch ordnance. Then smaller detachments were set to work on the maxims and at signalling. Last, but not least, was the recruit company in charge of Master Gunner Macaulay. In short, every branch of militia work was under way and the same is to be the case every evening, with, of course, a little variation.

After drill there were about two hours before the bugle call, signifying "lights out," sounded, and it is stated that some difficulty was experienced in enforcing the regulations. For some reason when in camp men think a good night's sleep is unnecessary, and they have the greatest aversion to settling themselves for their regular repose. Thus it was that the police, a detachment of which was detailed for this special duty, had to make the rounds of almost every tent before all the candles went out, and their reception at the hands of some of the inmates was, to say the least, somewhat unkind.

But, having a proper opinion of the importance of their office, they insisted upon obedience with rigid and admirable determination. In spite of their efforts, however, they had not reduced the militia rules. But it wasn't to be and a few stern words of command from those in higher authority soon quelled such insubordination.

The reveille, as stated, sounded shortly after 5 o'clock this morning, and the "muzzies" were quickly dressed and hurried to the marquee distinguished as the regimental restaurant. They were given a first-class meal, but those who followed did not fare so well.

This evening, besides the usual drill, there will be two tug-of-war contests, one between teams from No. 4 and No. 1 companies, and another between No. 6 and No. 3. Tomorrow evening the regimental band will play, and the various conclusions of the corps engaged in skirmishing tactics, while a short display of the six-inch ordnance.

When the parade was called shortly after dinner last evening it was found that the total attendance was little less than that on Sunday. Details from each company were set at different tasks without delay, and up to 9 o'clock the militia were hard at work; in fact, any visitor who happened to pass through the camp proper last evening must have been surprised at its deserted appearance. They should remember that this is a period in the yearly routine of the Fifth Regiment when the companies are supposed to be fully instructed in their respective duties. Although the grounds upon which the tents are pitched may have seemed quiet at this time, an inspection of Fort Macaulay would have disclosed members of Nos. 3 and 4 busily engaged practicing with the six-pounders, a short walk into the neighboring forest might have revealed men running as if about to vigorously attack some stronghold. Then, at a motion of the arm of their commander, they would halt and stand at attention.
