

323289

OTTAWA. Oct. 22nd. 1920.

Sir:-

HFB
I beg to acknowledge receipt of your letter of the 8th. inst. regarding your application for permission to erect a mill on the Tsooahdie Reserve and for booming and foreshore rights, so as to enable you to operate the timber on this Reserve which you have recently purchased.

In reply I beg to state that the Department has no objection to your erecting a small mill and having the use of such foreshore and booming privileges on this Reserve provided that these works are to be used solely for the purpose of handling the timber on the reserve.

WAD
You should if possible submit a sketch or plan showing the locations of these works, so that the records of the Department may be complete.

W.S.M.
Your obedient servant,

Rgd) A. S. Williams

For Asst. Deputy & Secretary.
