ACUTE INDIGESTION A Trouble That Causes Untold Suffering to Thousands Throughout Canada.

"I suffered so much with acute indigestion hat I frequently would walk the floor brough the long nights," said Mrs. Thomas Vincent, residing at 98 St. Peter street, Que "I had been afflicted with the trouble," e continued, "for upwards of twenty years but it was only during the past year that it sumed an acute form. There were times hen I was almost distracted; everything I ate isagreed with me and the pains in the ree attents were at their worst my head ould grow dizzy and would throb violent-and sometimes I would experience severe ttacks of nauseau. As time went on I was worn out either through abstinence nôst m food or the havoc it wrought when I did take it. I tried many much lauded dyspepsia cures, but they did me no good. In fact I got nothing that helped me until my hew urged me to take Dr. Williams' Pink Fills. He had used them himself with the greatest benefit, and assured me that they would help me. After I had taken three or four boxes of the pills there was some improvement, and I continued to take the pills regularly for about three months, and at end of that time I found myself cured. I suld eat a hearty meal and eat it with relish; I slept soundly at night, my weight increased, and my constitution generally built up. I think Dr. Williams' Pink Pills will cure any case of dyspepsia, if they are given a fair trial suck as I gave them."
