WORCESTER TEAM SHOWS UP WELL

JIM JEFFRIES COMPELLED TO FIGHT NEGRO

Boilermaker To Arrive From Abroad This Week and Johnson Says He Is Ready For Him--Ketchel Mismanaged.

Jim Jeffries will be compelled to make a match with Jack Johnson for the heavyweight championship of the world or admit that he does not intend to receive the prize ring. Jeffries is on the Lusitania which will arrive here on Thursday or Friday, and has promised to make arrangements for the big fight without further delay. Johnson will arrive in Chicago probably by the end of the week and says he will be ready to sign articles and post a big forfeit to go as a side bet.

Johnson's signal victory over Stanley Ketchel, the latter being knocked out in the twelfth round, has put the pugilistic situation squarely up to Jeffries. The sporting public is ready to admit that Jeffries is the only white man in the world who has the physical strength and science necessary to bring about the defeat of Johnson and that there are many followers of pugilism who doubt Jeff's ability to whip the gigantic negro.

Jeffries said in London on Friday that as soon as he reached this city he would confer with Sam Berger, his principal, and that he probably will call upon the manager, who made a report of tentative agreement with Johnson last August which amounted to practically nothing. Jeffries also said with apparent sincerity that if Johnson defeated Ketchel, the colored champion would have to make the match that has been widely discussed for nearly a year.

In Fine Health. Jeffries further said that he was in fine health and if Johnson ever got in the ring with him the championship title would be returned to the white race. So far so good! Jeffries has \$5,000 posted with a friend in the city and probably will call Johnson's attention to it as soon as he steps off the big Cunarder. Johnson objects to this particular stakeholder, which is not improbable. Johnson is ready to fight Jeffries over to somebody else with the provision that it will go as an appearance forfeit and also as a part of a side bet on the result of the mill. If Johnson wants to clinch the fight he will cover Jeff's forfeit without a pow-wow and both men can then sign articles.

There need be no wrangle over the purse of the battle, for Promoter Coffroth who will be here on Saturday, probably will make an offer which will secure the fight for Colma. If Johnson and Ketchel drew a \$35,000 gate at popular prices it is believed that the Jeffries-Johnson mill in the same arena would attract at least twice that amount.

Johnson is ready to fight Jeffries right off the reel, he says, but he probably knows that Jeffries will not be in his best condition before March or April. Besides, Johnson believed he was anxious to tour the big cities for a while in search of more easy money as the result of his triumph over Ketchel.

The sporting public have been patient over the arrangement of the big mill and the men are entitled to a reasonable amount of time, but if they do not agree to get into the ring within the next six months they doubtless will be accused of shuffling. Johnson looms up as a formidable proposition for Jeffries after all, which means that if they settle the differences the fight will be about the biggest thing of its kind ever held on American soil.

COMISKEY IS SPENDING \$100,000 FOR UNTRIED PLAYERS TO LAND FLAG

Old Roman Declares That Chibago Will Capture Next Year's American League Pennant.

How He Is Going About the Accomplishment of His Purpose--His Own Statement.

Chicago, Oct. 19.--"Spending \$100,000 for players to win another pennant" might be the title of a book written about Charlie Comiskey, owner of the Chicago White Sox. The "Old Roman" has spent \$110,000 for new men this year to get a pennant winner for 1910. On top of this he is building one of the finest parks in the country.

Two forces determined Comiskey to spend the money. They are his maxims: "There is no money in a loser." And "If a team wins all the pennants, the others might as well close shop." Comiskey has won pennants and his success is evidence that if he sets about it he can come close to repeating.

This year the Sox finished fourth. Comiskey seemed indifferent. His attitude caused comment. Then Comiskey came out of it on the run and sent out "Ted" Sullivan scouting. Sullivan was on the jump until just before the drafting season when 22 youngsters had been purchased.

His Promise. Southside fans do not pin their hope of a winner on this injection of new blood, so much as upon Comiskey's promise that next year's pennant will float over the home of the White Sox. "He never promised anything he didn't deliver," they declare. And Comiskey has spoken.

In the men Sullivan scraped the land with a fine-toothed comb. Some fabulous prices were paid for men who may do a Chicago uniform after the training season. But if from the two score a Cobb or a Wagner is picked Comiskey will rejoice.

Some youngsters have been tried out already and they appear to be with the Sox, but was farmed to Minneapolis, came back, and appears ripe. Fred Lang, Des Moines' best pitcher, will go to San Diego, Cal., with the Sox next spring. Des Moines also produced Frank Miller, a right-handed pitcher.

Then there is Irving Young, who did left-handed stunts for Minneapolis. He has been with Pittsburgh and Boston, so the return will not be strange to him. The out and infielders to be tried are numerous. Arnold Gaddis, of Sacramento, Warren Gill, Minneapolis, and Wm. Dwyer, Des Moines, will fight it out for first base.

James Collins. One of the finds is said to be Jas. Collins, who batted .325 for Springfield, Connecticut league. Walter, a Springfield outfielder, is another 300 hitter gathered in.

CHAS. COMISKEY.

JEFFRIES COMPELLED TO FIGHT NEGRO

WORCESTER MEN SHOW UP WELL IN ALEAGUES

Analysis of Batting and Fielding Strength Shows That Greeks' Opponents Were Pick of N. E. League.

A study of the batting and fielding averages of the players in the New England league reveals the astonishing fact that the Worcester team, which played the Marathons here, were not only the leading hitters in the league but that a number of the men were chosen from other teams, the result being that the aggregate was practically composed of the stars of the New England league.

Murch played with Brockton and led the third basement of the league with a fielding average of .944. In 122 games he had 144 putouts, 257 assists, with 24 errors.

Logan was second among second basemen with a percentage of .963. He played in 163 games, had 1748 putouts and 310 assists, with 24 errors. Bradley was fourth among the first basemen with a percentage of .987. He played in 111 games, had 1145 putouts and 89 assists with 17 errors.

Worcester led the league at bat, with a team percentage of .264, while Brockton led the field with a team average of .953.

A glance at the batting averages shows that of the nineteen players who were hitting over .275, seven were members of the team which played the Marathons.

The first nineteen are as follows, the players who appeared here being denoted by an asterisk: Name and Club. G. A. B. R. BH. PC. Danzig, L.O. 64 232 39 30 345

There will be no football game on the E. D. C. club grounds this afternoon as the All St. Johns have failed to get a team together. Manager Tully asked for another match Saturday but the Algonquins will probably accept an outside XV here and have made no arrangements for a local contest.

Moncton footballists may possibly be seen on the local gridiron in the near future. Last season the boys from the railway town had a rather shifty fifteen, and a game here should be a great treat for those who love to see the platoon chain in action.

JAMES J. JEFFRIES

WINNER STILL WANTED IN 2.16 TROT

Hills Grove, R. I., Oct. 19.--Left over from yesterday for decision the 2.16 trot was still undecided at the close of today's racing at the Hills Grove track. The four heats of today, added to the three raced yesterday, resulted in Bena, the favorite, Porter Oil Filter and Oxford Boy, Jr., having two firsts each. W. H. Pointer won in the 2.20 pace was protested, several drivers claiming the horse to be a "ringer." Fleetwood, after finishing second in the first heat of the 2.16 pace, was not sent easily in straight heats.

2.16 Trot, three heats Monday, still unfinished:-- Purse \$500. Hills Grove, R. I., Oct. 19.--Left over from yesterday for decision the 2.16 trot was still undecided at the close of today's racing at the Hills Grove track. The four heats of today, added to the three raced yesterday, resulted in Bena, the favorite, Porter Oil Filter and Oxford Boy, Jr., having two firsts each.

But that he could not land it on the right spot because of the negro's clever defensive tactics. The way Johnson cut loose his attack after being floored, however, proved that he did not have the much discussed yellow streak and was a slugger as well as a boxer.

"It was a chance blow that beat me," said Ketchel after the fight. "I thought I had him going after I put him down, and sailed in wide open. That is where I made a big mistake, for Johnson caught me unawares as I rushed in and dropped me when I was as strong as a bull. I was in better shape than Johnson when the last round began and I never had an idea that he could put me out. I'd like to fight him again some time."

SULLIVAN IS EASY FOR HARRY LEWIS

Boston, Mass., Oct. 19.--Dan Sullivan, national 158-pound amateur champion, a brother of the Twin Sullivan of Boston, was knocked down and out in two minutes in his first professional bout by Harry Lewis, of Philadelphia at the Armory A. A. to night. Sullivan swung and landed two or three blows but was no match for the experienced fighter he went against and dropped under a right and left swing to the head after being badly cut up about the face.

In the semi-final, Frank Perron of Pawtucket was given the decision over Billy Kirkland of a close but uninteresting match.

UNABLE TO SECURE TEAM GAME IS OFF

There will be no football game on the E. D. C. club grounds this afternoon as the All St. Johns have failed to get a team together. Manager Tully asked for another match Saturday but the Algonquins will probably accept an outside XV here and have made no arrangements for a local contest.

Moncton footballists may possibly be seen on the local gridiron in the near future. Last season the boys from the railway town had a rather shifty fifteen, and a game here should be a great treat for those who love to see the platoon chain in action.

Hans Wagner will go back to his chicken farm this week, while Ty Cobb will become sales agent for an automobile company.

Arrangements have been made for a fifteen round bout between Billy Allen and Alf Lynch of Quebec. Lynch is well known in St. John.

MANY WANT TO TAKE CIVIL SERVICE EXAMS

Ottawa, Ont., Oct. 19.--The semi-annual examinations for the civil service to be held on Nov. 9, 10, 11 and 12, at various points in Canada have attracted a very large number of entrants. The figures as given by the civil service commission show that for the inside service there are 16 candidates for the second division, 200 for the third division and 29 for the lower grades. In the outside service there are 400 candidates for the qualifying and 300 for the preliminary examinations.

The explanation of the large number in the qualifying is that the greater proportion of these are men who are now in either the postal or the customs services and desire to be promoted.
