The excellent repast served by the ladies was partaken of by about five hundred. The large crowd were most enthusiastic over the decorations of the tables and various booths. The amusement features proved popular. The fish ponds drew a crowd, and there were many bites and many bites. The tea will continue this evening when a record attendance is expected.

Ald. McGoldrick's Opinion.
Ald. McGoldrick returned yesterday from a trip to Boston and other New England cities. "I had a first-class time," he said to a reporter, "and did as much to advertise St. John as any other young man who takes a jaunt to the States. I visited quite a number of cities, and I can tell you St. John is not such a back number as some think. You can talk about the streets in this city, but I saw cities in New England as big as St. John where they did not have as good streets as we have here. And I can tell you too they have been spending more money on their streets than we have. If we had as much money per mile to spend on streets as they spend in Boston, we could have better streets than any city on the top side of this little planet."

FEELS BETTER SINCE DISGORGING SNAKE

Traveller Arrives at Depot with Tail Story and Three Foot Nine Inch Snake -- Springs Surprise.

The clerks and other officials in the Union Depot last night were up against something new in the way of a surprise and those who happened to go home for sleep no doubt had bad dreams. There are many peculiar things seen about the depot, but that of last night was the leader of them all. A healthy looking passenger arrived in the city and it was not long before he made himself acquainted with the men about the station. For the principal article that he carried with him was a large bottle which contained a snake which he claimed measured three feet nine inches.

It was well preserved in alcohol and he took a delight in showing the excellent shape and size of a native of Chelsea, Mass., and that he had been ill for years and had been attended by about 200 doctors without getting any relief until finally one gave him some medicine which caused this large snake to come from his stomach. He said that it took a great amount of ether to put him in a condition so that he could undergo the operation. He claims that he now feels in excellent shape and left for the east on the late express. Some of the men who are employed in the depot believe the man, but admit that they have been seeing snakes.

PROVISION SOCIAL COMPLETE SUCCESS

The provision social held in the Ludlow street Baptist church last evening under the auspices of the Dorcas society was a grand success. In all 160 packages of provisions were left with the committee in charge, and these will be distributed to the worthy needy of the parish in a few days. In the evening there was a very large audience at an entertainment.

Rev. W. R. Robinson presided and opened with a brief address which was followed with an opening chorus. Scripture reading by Rev. Mr. Robinson, prayer by Rev. Dr. Helme; piano solo, Miss Mable Sharpe; vocal solo, Miss Evelyn Allen; address of welcome, Mrs. C. E. Belyea, president of the Dorcas society; piano solo, Edgar Christopher; reading, Pearl Wayne; vocal solo, H. Mawhinney; address, Rev. Dr. Helme; piano duet, Mrs. C. E. Belyea and Mrs. Kempton (Guest); address, Rev. Mr. Robinson. The accompanists during the evening were Misses Mullin and Stewart.

COLLEGE SOCIAL IN GERMAIN ST. CHURCH

The Philathea Society of the German street Baptist church held a college social for the young people in the church schoolroom last evening. The amusement for the evening was supplied by guessing games and music in the art gallery, natural history room and library, various objects were displayed over which the visitors had to exercise their brains to discover what they stood for.

Those in charge were: Reception committee, the Rev. P. W. Foster and Mrs. Porter, Miss Dunbrack, Miss Estabrooks, Miss Lewis and W. C. Cross; art room, Miss McNally and Miss Cookson; natural history, Miss Staples and Miss Driscoll; library, Miss Barbour and Miss Gertrude Jones; supper, Mrs. E. Sklamer and Mrs. H. Rising. Odd Collection.
Angus Magee, who is aged 45 years, arrived in the city yesterday morning. He is a native of New Brunswick, but from what part of the province, he was too confused yesterday afternoon to tell Policeman McNamee, when they met each other on Mill street about 2.30 o'clock. There was nothing new about Angus for he had been taking too much liquid refreshment and it was probably a fortunate thing that he met the policeman and was arrested for when he was searched the officer's eyes were almost dazzled when he found in the prisoner's pockets one jack-knife, three watches and \$12.44 in cash, he also had a bundle of clothing. Angus will probably be better able to give a more satisfactory account of himself in the police court this morning when he faces the magistrate.

ANOTHER MAN FALLS OVER RODNEY WHARF

Member of Saturnia's Crew Can Thank Police Officers Clarke and Lee for His Escape.

Samuel McAfee, employed as a cook on the steamer Saturnia, had a narrow escape from death by drowning last evening and was only saved through the timely assistance of Policemen George Clarke and William Lee, who saved him.

McAfee, in company with another cook named Finnott, was walking along the car track on Rodney wharf, a street car approached and McAfee stepped aside to permit the car to pass, but making an inaccurate gauge of the space between the car there and the edge of the wharf, missed his footing and fell into the slip, a distance of about twenty-five feet.

Officers Clarke and Lee hurried to the scene and with the help of a rope, succeeded despite the darkness in getting the man out of the water and onto the wharf. It was found that McAfee had sustained severe injuries in the fall. Dr. Ellis was summoned and rendered first aid and the ambulance having been sent for the man was removed to the hospital.

THE ANNIVERSARY OF ST. GEORGE'S CHURCH

There was a large attendance at the anniversary social of the St. George's church congregation last night in the church schoolroom, West End. The schoolroom was crowded and there was a most agreeable surprise when His Lordship Bishop Richardson was expected, walking in on the assembly. His Lordship gave an excellent address, expressing sympathy with the church and with the pastor. He congratulated the church on its successful and on the faithful work of Rev. W. H. Sampson. It was shown that it was really the 120th anniversary of the congregation of St. George's. After the Bishop had given a short history of the church one of the church wardens, Mr. Pederson, in a brief address, congratulated the church on its splendid financial situation.

The young men of the church then sang a few choruses. The pastor, Rev. Mr. Sampson read a letter from Dr. Campbell, who is unfortunately blind. The letter was written by Dr. Campbell's own hand and he congratulated the church on its anniversary. Refreshments were served and a most enjoyable evening was spent.

Globe-Wernicke "Elastic" Bookcases
Make Splendid Christmas Gifts
Today, it is no longer necessary to dwell upon the advantages of the unit book-case over that of solid construction. They are so manifest, that every intelligent person readily admits that there is no sound argument for giving the old style cumbersome book-case serious consideration. The utility and convenience of the unit system were so instantly recognized that Globe-Wernicke "Elastic" Book-cases came into general use all over the country within a few years after their introduction. The originators have developed the artistic features of the sectional book-case to such a high degree that now there is scarcely any problem of library treatment that cannot be successfully solved by the use of some of the different styles of Globe-Wernicke Book-Cases.
