FOUND BODY OF FRED FLAHERTY

Remains of Man who Disappeared Some Days Ago, Found in Magee's Slip - Inquest Friday Night.

The body of Frederick Flaherty was found floating in the Magee Slip at 5 o'clock yesterday morning, by John McCullough, a lad employed in McCullough's foundry. The body was identified as that of Flaherty soon after it was found. Coroner Berryman will hold an inquest into the case on Friday evening at 7.30.

The man had apparently been in the water for a considerable time. The head was entirely black except for a little lock which was under the water and this was almost black. There was a very good blue suit except for the coat, which was missing. The shirt and necktie were also of good quality. On one finger was a plain gold band ring with the initials F. G. P. in raised letters. The washing of the surf had disarranged the clothing somewhat. As soon as the body had been taken to the morgue Mr. Flaherty's brother, who was with him at the time of his disappearance.

The only marks on the body were two small cuts on the head which may have been caused by coming in contact with the timbers of one of the wharves while in the water.

Deceased was about 27 years of age. Besides his mother, he is survived by three sisters and two brothers. Their names are Mrs. W. J. Quinn, of Fairville, and the Misses Ebel and Margaret at home. One of the brothers, William, is at home; the other, Frank, lives in Boston. The funeral will take place from Fitzpatrick's undertaking rooms this afternoon at 2.30.

Investigation Opens Tonight.

The commissioner of public safety will begin an investigation into the conduct of certain members of the police force at city hall, this evening. The sessions of the court of investigation will be open to the press representatives and those interested, but the commissioner does not intend to have the room crowded by the general public, and any parties who have no reason than idle curiosity to attend are liable to be deported.

SENTENCE OF TWO YEARS FOR ATHERTON

Former C. P. R. Purser Pleads Guilty to One Count—Judge's View of Jury Matters—The Docket.

The Docket.

When Fred W. Atherton, former purser on the S. S. Empress of Britain, was brought before Judge Jones for trial under the Speedy Trials Act yesterday morning, he pleaded guilty to the charge of fraudulently converting to his own use a traveler's checks and other negotiable instruments, the property of the C. P. R. and Dominion Express Company, and pleaded not guilty to a second count in the indictment, charging him with forgery. He was immediately sentenced to serve two years in Dorchester penitentiary on the charge to which he pleaded guilty, while prosecution on the other charge was discontinued.

The case involved a large amount of money, and while the indictment set out only several specific misappropriations, it is said the total amount was in the vicinity of between \$10,000 and \$20,000. Recorder Baxter K. C. appeared for the prisoner and Fred R. Taylor, acting for the attorney-general, prosecuted.

Circuit Court.

The June sitting of the circuit court opened yesterday morning, Mr. Justice White presiding. The only criminal business was the case of the King vs. Joseph Nealy, who was charged with indecent assault on Hilda May Craft, a Fairville girl of about ten years of age, and also a common assault on the same complainant. The grand jury returned a bill on the former count and a true bill on the latter.

In charging the grand jury Mr. Justice White took occasion to comment on jury attendance. Only seventeen grand jurors were present, and His Honor remarked that a day would come when a serious case which should come for trial would be thrown out by the grand jury. He had known such happen once in his experience. It was unreasonable that some persons should be inconvenienced by attending court while others, who know the process of the court, were fined only a paltry sum, and even then for some reason it was not collected. Some machinery, he said, should be devised to make jurors attend.

He also spoke of the selection of the jury by the sheriff personally and favored the idea of selecting the jurors by lot, which is done in nearly every other province in the Dominion.

Criminal Docket.

King vs. Joseph Nealy, assault.

Civil Docket.

Jury cases (remained). Hale vs. Thompson—Geo. H. V. Belyea.

Bank of New Brunswick vs. Bourdeau—Bartholomew, J. J. Belyea.

Park vs. Millidge et al.—Harrington & Harrington.

New Docket.

Morris vs. Williams—S. B. Bustin.

Spedaker vs. Crisno—McRae, Sinclair & MacRae.

Non Jury (Remained).

Pacific Coast Fire Insurance Co. vs. Hicks—J. R. Armstrong, K. C. Moore vs. Smith—Bartholomew, Ewing & Sanford.

McKay vs. Furness Whithy Co., Ltd.—Fred R. Taylor.

County Court Chambers.

In the case of Palmer vs. Monahan Judge Forbes this morning made an order to have the Bank of New Brunswick, the garnishee, pay over to the plaintiff \$266.91 of the defendant's money in the custody of the bank. This to satisfy a judgment previously given. Dr. L. A. Curry appeared for the plaintiff.

HOULTON SHUT GREEKS OUT, FREDERICTON IN SAME PLIGHT

About 600 persons witnessed a fine game of baseball on the Marathon grounds yesterday afternoon when the Houlton team shut the Greeks out and made but one score themselves. It was a pitcher's battle from start to finish with Urquhart twirling for Houlton, and W. Sweet for the Mariners.

Only two Marathons reached as far as the third base during the entire game and only three others got as far as second base. In addition to the one Houlton man who scored, only five others got as far as third base and only four others reached second base.

The Marathons had but four hits on Urquhart, he gave two men bases on balls and struck out seven men. The visitors had but seven hits off Sweet, he gave two men bases on balls and struck out seven men. There was some excellent fielding throughout the game and the fans had well the worth of their money.

BASEBALL IN THE BIG LEAGUES

Woodstock, June 25.—The locals shut out the Fredericton boys inConnell Park this afternoon and tallied six runs themselves. It was one of the fastest games played here this year. The features were a hard fly caught by Larry Connelly, a difficult catch of a high liner by Corcoran, and the sensational shortstop work of Kling. Fredericton did not get a man on third base. Delano was out for bunting the third strike, making the 24 pit outs. Bates struck out four and passed three. There were three double plays, Corcoran to Duff, Duff to Kling, and Kling to Bates. Connelly, who played an errorless game the locals were there with the wallop which put the game on ice the first two innings. The box score is as follows:

Out Again, In Again.

After spending two months in jail Margaret Sullivan was given her liberty yesterday morning on the plea that she was looked after by friends. She could not stand the effect of liberty very long, for yesterday afternoon a policeman was called to Frank Kennedy's house in Union Alley to eject the Sullivan woman who was creating a disturbance, and when she was put out of the house she was placed under arrest on the charge of drunkenness.

Where Are the Dogs?

It is feared that the city this year will not derive as large a revenue from the tax on dogs as usual. Up to the present less than a thousand dogs have been licensed, though in previous years at this date the number has usually exceeded 1,800. About two years ago the police took a census of the canine population, and estimated that there were over 1,600 in the city. At that time the streets were fairly swarming with dogs, but now a dog on the street is a rather unusual sight. The philosopher who observe and endeavor to interpret passing events from their vantage point in City Hall are contemplating the disappearance of the dog as one of the things that have happened in the past few years. They are pessimistic school contend that the cost of living is making it impossible for the proprietor to keep dogs, while the optimists declare that everything is so progressive and prosperous that a greater number of dogs are able to take a vacation in the country or at the seaside.
