Everything sold by three o'clock Saturday afternoon and the sum of \$40 in the treasury of the East St. John Red Cross Circle. This was

the record of the pantry sale held on Saturday afternoon in the Ford Company's Distributing rooms on Germain street. The ladies in charge were Mrs. Sterling, who is acting president in the absence of Mrs. P. R. Warren; Mrs. Robb, Miss Edith Magee and Miss Margaret Ross.

This time it was the Demons Chapter, and the Knights of Columbus Hall was well filled with those who desired a cup of tea, a dance or to purchase some of the many pretty things displayed for sale.

The rooms had been well decorated with bunting and flags. The tea tables had for centre piece large roses and bearing flags and pretty dollys were placed in bakin' rings ornamented and bearing the name of the chapter done in fancy letters. Many lotteries were a feature. Some of the prize winners were: A steel engraving, Mrs. George McLeod, of Pictou; doll dressed in nurse's costume, Miss Mabel Sydney-Smith; Book, Mrs. Percy Thomson; fancy quilt, Miss Jack. Mrs. W. W. White was in charge. The fancy work table was in charge of Mrs. W. E. Foster, Mrs. F. B. Schofield, Mrs. Simeon Jones and Mrs. H. B. Robinson.

Economy.

A New England mother had come upon her eight-year-old son enjoying a feast whereof the components were jam, butter, and bread. "Son," said the mother, "don't you think it a bit extravagant to eat butter with that fine jam?" "No, mummie," was the response. "It's economical; the same piece of bread does for both."

BIRTHDAY GREETINGS.

Uncle Dick wishes many happy returns to the following kiddies, who will be celebrating their birthdays today: Phyllis Carson, Public Landings, Edna Jardine, Newcastle, Mary Lauder, Hillsboro.

BOY SCOUT NOTES.

Mr. Hammond Off to England. Mr. H. G. Hammond left this week for England and probably France on behalf of the Ontario Council of the Boy Scouts Association, and will also be accredited on behalf of the movement at large throughout Canada in order that he may meet as many as possible of the former Canadian Boy Scouts overseas and carry to them personally the best wishes of the Canadian brotherhood for their success and safety. It is hoped that Mr. Hammond will be able to get well up to the battle front where so many former Boy Scouts are serving and that he may also visit the recreation hut which was provided by the subscriptions of the Canadian Boy Scouts. Mr. Hammond is well-known to Scouts throughout Canada as the Provincial Secretary and Assistant Commissioner for the province of Ontario.

Scouts Assisting at Exhibition.

It will be interesting news to the people of the city and the province generally to learn that Mr. Charles Stephenson, who before leaving for the South Park Commission of Chicago the plan for taking the Santa Maria to the San Francisco Exposition, and who is now in Charlottetown, has arranged with the assistance of the Boy Scouts of this city to have the exhibition in Charlottetown at a small fee, the proceeds of which will be in aid of the British Sailors' Relief Fund.

IF KIDNEYS ACT BAD TAKE SALTS

Says Backache is a sign you have been eating too much meat, which forms uric acid.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clear you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizziness, your stomach sores, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night. Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness. Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.

Who's Who and What's What in the Picture World and on the Stage--Favorites and What They Say and Do.

Helen Holmes.

I believe I am the only girl in the world that ever drove a fast train out of Chicago over the first division of its journey to New York. The engineer who turned over his levers to me would have faced trial in case of disaster, but there was no disaster. I consider that trip distinction enough if I never turn another wheel. When I am asked to write about the thrills I have "put over" as they say, in the motion picture game, this one comes to my mind first, because it was the fulfilment of a long fostered ambition. My father was a railroad manager. I learned everything there is to learn about engines while I was just a kiddie. I just love engines. But this was my own particular thrill. What the editor wants to know, I assume, is how I have managed to thrill my audiences.

block from Thirty-third.

She reads the Evening Journal, and likewise reads the World. The boys they all love Gattie. Why? Cause Gattie's hair is coiled. One day Gattie (the cat) got lost, and the children brought her back, exclaiming as he held her limp form suspended from a thumb and finger, "Here is Miss Murphy." Thereafter the cat's dignity increased, and she became known as Miss Murphy. "It's unlucky to carry a cat from one house to another," Katherine reminded her mistress on moving-day. "We must not carry Miss Murphy away." But Miss Taliaferro refused to

leave her pet, luck or no luck. She left for the Rolfe studio, relinquishing the solution to Katherine. "Somehow you must induce the cat to follow you," were her instructions.

When she reached her new home, after a day's work in "The Sunbeam," her newphotoplay, at the studio, she saw Katherine hurriedly removing a large rope from Miss Murphy's collar. "What in the world is that?" asked Miss Taliaferro. "That's what I induced her with," responded Katherine, with an air of duty done. And the maid insists that good luck will follow the household, since the cat was not carried, but led. ALICE FAIRWEATHER.

Tuberculosis Rapidly Increasing Among Children of Belgium and Northern France.

More Food Urgently Needed to Keep up Their Strength. An interview with Mr. W. L. Honnold, American Director of the Belgian Relief Commission, brings to light a new danger threatening the population of the territory occupied by Germany. Mr. Honnold reports that about 5,000,000 wholly or partially destitute people, who have been dependent on the Commission, generally show diminished vitality. The effects are most apparent among the older children, particularly those in the adolescent stage. Among these there is an alarming increase of tuberculosis, due to the lower power of resistance consequent on an inadequate diet.
