

GLASIER AND PERLEY CHOSEN IN SUNBURY CO.

EXPECT HEAVY FIGHTING IN EARLY SPRING

That is the Opinion of Men Who Reach City Yesterday — Major Hamilton Gault Home — Lieut.-Col. Thompson Returns — The N. B. Boys.

"You can expect very severe fighting in the spring," was a common expression of the officers in the party of returned men who reached the city last night after spending from six to fifteen months on the firing line.

The party numbered 436 men and twenty-seven officers. Among the officers were several prominent Ontario men including Major Hamilton Gault, who raised and equipped the famous Princess Pals. Major Gault is home on furlough until March 8th. It will be remembered that Major Gault some time ago filed divorce proceedings, and it is understood that he is home in connection with this matter. He was dressed in mud while in the city, and notwithstanding the fact that he was unfortunate enough to lose a leg, he walks with an artificial limb with apparent ease.

Lieut.-Col. W. E. S. Knowledge, who left Canada in command of the 129th Battalion, which was mobilized in Ontario, told The Standard last night that nearly every man on the western front is anticipating heavy fighting in the early spring. Prior to enlisting Colonel Knowledge enjoyed an extensive legal practice in Dundas, Ontario. The 129th Battalion, along with many others, was broken up and sent to France as drafts.

Even the officers' command was ordered to leave his unit and accept a commission with the 2nd C. M. R. "The spirit of the men at the front is marvelous," said Colonel W. E. Thompson, adjutant-general of Military District No. 6, Halifax, who went over to France in charge of a party of officers a few months ago to study the conditions and needs of the Canadian troops at the front. He was told in his praise of the Canadian troops who have, by their ability and bravery won an enviable reputation. Colonel Thompson will resume his duties at Halifax, and it is evident that the knowledge gained at the front will prove of great value to this officer in the future.

Major F. O. Burgess who went over with the 5th C. M. R. was also in the party. He told The Standard last night that every preparation was being made for a grand drive in the spring. "You can look forward for some genuine fighting in the spring," said the officer. "And when that time comes the same undaunted spirit which has crowned other Canadian victories will be a predominant factor."

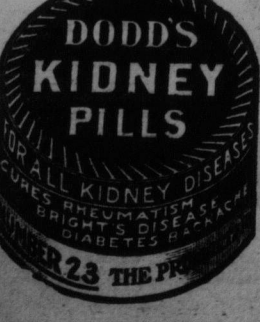

Major Burgess spent five months in the thick of the fighting and was forced to leave the trenches on account of his health. He said that he really wanted to return and finish up the work of driving the Huns back.

Lieutenant G. McPherson, who went over with a Toronto battalion, was also included. He was transferred from the 2nd Battalion to the "Queen's Own," and while in action with this unit he was wounded in the leg.

One sad case was that of Corporal E. Carr, who lives in the West. He had both legs amputated. But even thus afflicted he smiled as he was carried from the steamer. In all there were about sixteen amputation cases.

The Returned Soldiers' Reception Committee and representatives of the different patriotic associations met the party upon their arrival, and each man was a recipient of a parcel of good things. The party was in charge of L. V. Kerr, of the 11th Battalion.

Among the New Brunswick men to return was Private J. Doherty, who went overseas in the "Fighting 26th Battalion." He was in the employment of the Great Northern Electric Company when war broke out, but came to St. John to enlist in the 26th Battalion. The night that he received "his" ten others were buried alive, the result of an explosion. "The old 26th saw some heavy fighting and I doubt if there are, with the exception of the officers a dozen of the originals on the firing line." He was wounded in the leg by shrapnel.

OPPOSITION CANDIDATES IN YORK CO.

The Quartette who will Make Sacrifice say "We Haven't Any Policy Yet but it is Coming Soon."

Special to The Standard. Fredericton, N. B., Feb. 11.—The opposition party in session here yesterday in York nominated A. B. Kitchen and P. J. Hughes of Fredericton, Elwood Burr of Burrit's Corner, and W. P. Lawson of McAdam, as candidates for the approaching provincial elections. The convention was attended by very few delegates, four of the outlying districts were poorly represented. Fredericton and St. Marys being the only parishes strongly represented. Mr. Burr is being hailed as an opposition hope, in fact he told the convention on Saturday that had he refused to offer the opposition forces in the county would have given up without a fight. Messrs. Kitchen and Hughes admit defeat already. Mr. Lawson is little known outside of McAdam Junction. All the candidates, except Mr. Hughes, admitted they had no platform, but as Mr. Kitchen explained, that will come later. Nelson Brown was the chosen leader on Saturday and also provided the comedy for the convention. Only one or two delegates attended the convention from the Nashua valley. The followers of the opposition in that section having resented the treatment accorded them in selection of the ticket, there being no Nashua representative in the four chosen. With the government party in York united and the supporters of the government displaying a spirit of enthusiasm unparalleled in the history of a political campaign in this county, there is nothing else in sight but an overwhelming victory for the government candidates on Feb. 24th.

LEATHER SITUATION IN CANADA IS SERIOUS

Special to The Standard. Ottawa, Feb. 11.—Sir Geo. Foster was asked by a deputation of leather workers to do something if possible to relieve the leather situation in Canada. That commodity is scarce and one of the reasons is that a restriction has been put upon the export of hides by Australia from which a good portion of the hides has come. Newmarket and Montreal interests were represented at the deputation. Sir George promised to do what he could.

And is compelled to walk with a limp. Another New Brunswicker to return was Private A. Watling, of Chatham, N. B. This family is strongly represented in Canada's army. He has five brothers and two sisters now in the service of the king.

The other provincial men to arrive were as follows: Sergt. H. W. Prince, 33 Simonds street, St. John; Private G. P. Sullivan, New Glasgow, N. S.; Private J. Woodruff, Yarmouth, N. S.; Private J. W. Allan, Fredericton, N. B.; Private J. C. Beck, 7 Cornwallis Lane, Halifax, N. S.; Private Jos. M. Chisholm, Long Point, Inverness, N. B.; Private L. Greener, Tremont, Kings Co., N. S.; Private J. S.; Private Belle Passelkeas, Kings Co., N. B.; Private H. Crumps, 145 Patrick street, St. John; Private C. Downey, Amherst, N. S.; Sergt. G. A. Harlow, Sable River, West, N. S.; Private P. Lockhart, Newville, N. S.; Private F. L. Marshall, Trenton, N. S.; Private R. McFarlane, River Philip, N. S.; Private W. Pettifou, New Glasgow, N. S.; Private A. Watling, Chatham, N. B.; Private Jos. Wenham, Antigonish, N. S.; Gunner R. R. Fleming, Margarets Bay, Halifax Co.; Private O. B. Rodgers, Lower Woods diabol, N. S.; Graham Smith, Sydney, N. S.

A medical board will be held to-night at the discharge depot. It is not likely that any of the men will leave for their homes until tomorrow morning.

Obtaining Money. Lorne D. Day was arrested on Saturday by Detective Barrett for obtaining money under false pretences.

GLASIER AND PERLEY ARE AGAIN NAMED

Sunbury Government Supporters Hold Excellent Convention at Burton—Premier Murray Complimented.

Special to The Standard. Burton, Feb. 11.—At an enthusiastic and representative convention at the court house yesterday George Perley and Parker Glasier were unanimously chosen as the Government standard-bearers in Sunbury County. R. D. W. Hubbard presided in an able manner. Every parish was represented notwithstanding stormy conditions and heavy roads. The meeting was one of the most successful ever held in the county and those present expressed the opinion that the two candidates would win a handsome victory on Feb. 24.

The convention was addressed by the candidates, L. B. Smith, J. B. Daggett, and R. B. Hanson, who made rattling speeches which aroused much enthusiasm. A. B. White, secretary-treasurer of the county, read resolutions endorsing Premier Murray and complimenting him upon his elevation to the premiership. The Government party leader in Sunbury County, Mr. Murray, one of the strongest premiers the province has ever had, the resolutions were adopted by an unanimous vote.

Warden Murray Patterson of Lincoln nominated the candidates in the course of a neat speech in which he paid a compliment to Messrs. Glasier and Perley for the fine work they had accomplished at Fredericton in the interests of the people of Sunbury county. The nominations were seconded by Alfred Treddwell of Manguerville, and Coun. James Goss of Burton.

The candidates made strong speeches in accepting the nominations which were tendered them by the unanimous vote of the convention. Both Messrs. Glasier and Perley gave an account of their stewardship. They discussed the many advanced measures that had been enacted under this government and referred to this government's activity in keeping the public services of the county at a high state of efficiency. The candidates made special reference to the large number of steel bridges that had been erected in Sunbury county since this government came into power in 1903.

Prior to 1903, when the old government was hurried from power, the province was hitherto from the voices of the people of New Brunswick, there was only one permanent steel structure in the county, that located at Oromocto. Under this government's progressive conduct of the Department of Public Works no less than four handsome permanent bridges have been erected, while twenty-five other permanent structures have been built in this county.

A forceful address was made at the convention by A. B. White in the course of which he moved a resolution of confidence in the new Murray government. The resolution was carried amid enthusiasm. L. B. Smith, the Liberal-Conservative candidate at the last federal elections, made a big impression on those present. Mr. Smith compared the record of the old gang of discredited politicians with the magnificent record of this government.

R. B. Hanson, one of the best political addresses that has been heard in this section of the county in many years was delivered by R. B. Hanson, the well known Fredericton barrister, Mr. Hanson among other matters, discussed the railway policy of this government, pointing out that Sunbury county had been particularly fortunate in receiving such excellent facilities as had been given the county since this government came into power. Two new railways were now in operation from one end of the county to the other, on both sides of the River St. John.

The case of a Bumpus Law Student. A feature of Mr. Hanson's splendid address was the manner in which he handled E. S. Atkinson, a bumpus young law student from Fredericton, who poses as the opposition organizer in Sunbury county. Young Atkinson has the unhappy faculty of blitting in on matters with which he has no concern. He had his nerve with him in coming to the open convention of government supporters here yesterday. Atkinson thinks he has the system of espionage down to a fine art, but he received as much as he deserved at the able hands of Mr. Hanson.

Mr. Hanson had considerable fun at Atkinson's expense. He said that the law student who aspired to the high position of opposition organizer was a lump of lead on the county's stomach; former well known and eccentric character of Waas, and that Atkinson had all Grass' salt, but none of his brains. Atkinson, as Mr. Hanson pointed out, is also a cousin of the celebrated Doug Grass who stole the ball in the elections in Queens-Bury in 1911 and thus ended the Liberal candidate to be elected, and who is still a fugitive from justice. Mr. Hanson presented the government's case for prohibition, telling the meeting that the government was pro-

THREE GOOD MEETINGS IN KENT COUNTY

Hon. Dr. Landry, Mr. Hutchinson and Coun. Richard Speak at South Branch, St. Norbert and St. Marys.

Special to The Standard. Richibucto, Feb. 11.—Hon. Dr. David V. Landry, Provincial Secretary, Geo. A. Hutchinson of Richibucto, and Coun. Richard O. Richard, of St. Louis, the candidates of the good government party in Kent County, held a very encouraging meeting Friday evening at South Branch. Last night Mahoney and one of the largest of the candidates spoke at St. Norbert. The chairman was Charles R. Richard. The candidates also addressed a large number of voters after church today at St. Marys. Coun. Richard spoke at St. Marys. The meeting was a splendid success. The outlook continues to be very favorable in Kent county for Hon. Dr. Landry and his colleagues.

PLANS FOR MEETINGS IN WESTMORLAND CO.

Meetings at Memramcook West and Point de Bute on Thursday — Campaign for Good Government Meets with Success.

Moncton, Feb. 11.—Everything points to the return of the Good Government candidates with handsome majorities on February 24th. Candidates Black and Legere will address a meeting at Memramcook West on Thursday evening, while Candidates Gay and Legere will speak at Point de Bute the same evening. Messrs. Mahoney and Black have represented Westmorland well for the past five years. Mr. Trites, while a new man, is well and favorably known throughout the province, and will poll a fine vote. Mr. Legere will make a fine representative of the French-Canadian people of Westmorland.

HUNS WORK TO PREVENT A U.S. WAR

Washington, Feb. 11.—American ship-owners who have been holding their vessels in port because of inability to obtain guns for defense against submarines probably will have their difficulty solved in a few days. Strong intimations were given in official quarters tonight that, while the government will not actually arm merchant craft, or even formally advise arming, a way will be found to put weapons at the disposal of owners who desire to prepare for defense against illegal attack.

A German proposal, delivered to the department yesterday, that means a break in relations from resulting in war apparently has struck no responsive chord here. No official word indicate today whether a reply already had been given, but there was no disposition to deny that the proposal had been made or that the Americans regarded it as an effort on the part of Germany to beg the issue.

pared to fall on the advanced measure that had been enacted. Taking up the position platform on this great question, as published in their party press, he showed that a vote against this government was clearly a vote to defeat prohibition. The rousing convention was brought to a close with enthusiastic cheers for the King and the candidates.

GAS! GAS! INDIGESTION, SOURNESS. SICK STOMACH—PAPE'S DIAPEPSIN

Here's relief! In five minutes your upset stomach feels fine. If you feel bloated after eating and you believe it is the food which fills you; if what little you eat lies like a lump of lead on your stomach; if there is difficulty in breathing after eating, eructations of sour, undigested food and acid, heartburn, brash or a belching of gas, you need Pape's Diapepsin to stop food fermentation and indigestion. It neutralizes excessive acid, stomach poison; absorbs that misery-making gas and stops fermentation which causes your entire meal and causes dyspepsia, Sick Headache, Bloating, Constipation, Griping, etc. Your real trouble is that which you eat does not digest, but quickly ferments and causes, producing almost any unhealthy condition. A case of Pape's Diapepsin will cost fifty cents at any pharmacy here, and will convince any stomach sufferer in five minutes that Pape's Diapepsin is causing the misery of indigestion. No matter if you call your trouble Catarrh of the Stomach, Nervousness or Gastritis, or by any other name—always remember that relief is waiting at any drug store the moment you decide to begin its use. Pape's Diapepsin will regulate any out-of-order stomach within five minutes, and digest promptly, without any fuss or discomfort, all of any kind of food you eat.

TWENTY-FIVE CHINESE ARE TAKEN IN RAID

They are Charged with Gambling at Lim King's Emporium on Mill Street—Third Time Place was Raided.

Budding Chinatown received a terrible jolt last night about ten thirty, when no less than twenty-five Celestials were removed from the "capital" and taken to police headquarters. The Chinamen were all engaged in different gambling games in the store of Lim King, 126 Mill street when the door flew open revealing eight stewards of the law. There was an awful scramble. Each celestial reaching for the coin nearest to him and then making a bolt for a door or window. But it was no use. They were caught in the act. Twenty-four Chinamen, their ages ranging from sixteen years up to sixty, too all deeply interested in the making of money, every one smoking, and all talking, in some slight, but add to this two jugs of gin and whiskey and it is some scene. Several of the celestials were feeling in good form for an all night racket, but their anticipations did not materialize. Raided Three Times. This is the third time that this place has been raided by the police, but the catch last night was the largest ever taken from this particular place, if not the largest ever taken by the police in the city. On August 15th, 1916, the same place was raided with the result that fifteen Chinamen were arrested before the magistrate for gambling. Shortly after this it was again raided and twenty-one Chinese arrested. So thoroughly were the preliminaries arranged for the raid that not one man was missed. The officers responsible for the splendid success of the undertaking were Inspector Caples, Sergeant Scott, Detectives Barrett, Briggs and Dunnean, and Police Constables Quinlan, Cornor and Ward. All the articles necessary for the running of an up-to-date gaming house were removed to police headquarters last night. The list includes dominoes, dice, ball rack, cards, money, knives, tobacco, etc. There was considerable chatter in the different cells last night. But just what was said still remains a mystery. Lim King is arrested on the charge of being proprietor of a gaming house and operating the same. The following are charged with being inmates: Long Sing, Tom Loy, Tom Hook, Hing Sing, Lee Hee, Wee Fack, Charlie Tom, Ham Poy, Fred Ling, Ham On, Ham Low, Charlie Lim, Ham John, Hu Long, Jim Lee, Hum Poy, John Sing, May Loy, King Key, Charlie Lum. Ham John, Tom Chen and Sum Fum are detained as witnesses.

GERMANS SINK MORE VESSELS

London, Feb. 10.—The sinking of the British steamer Japanese Prince of 4,876 tons, with many Americans on board, and the torpedoing of the Norwegian steamer Ellavore, of 2,760 tons, was announced tonight by Lloyd's. The captain of the Ellavore has been landed, but the mates and eleven members of the crew are missing. The agency confirms the report of the torpedoing of the British steamer Beachtree, the crew of which has been landed. The Norwegian steamer Havgard, of 1,100 tons, has been sunk. The British steamer Sallaghi has been sunk, Lloyd's Shipping Agency announces.

Plot to Oust Powers That BE IN CUBA

Havana, Feb. 11.—Havana was stirred yesterday by reports of a revolutionary movement. During Friday night the secretary of the interior, Aurelio Hevia, notified the civil and military authorities that a plot to overthrow the government had been discovered, involving civil and military officials, and rumors that high army officers had been placed under arrest spread over the city, causing both excitement and alarm. There have been mutterings of an uprising ever since the presidential elections in November last, the result of which has not yet been determined.

KARS HEARS DISCUSSION OF THE ISSUES

Premier Murray, George B. Jones and H. V. Dickson are Enthusiastically Greeted.

Special to The Standard. Kars, Feb. 10.—A rousing rally in the interests of the Good Government candidates was held here this evening. While the heavy storm served to interfere with a large audience the meeting was characterized by a fine spirit of enthusiasm. Premier Murray made a splendid impression in an address of nearly an hour. The Premier was given a flattering reception and will take a big vote out of this section. Mr. Jones, always a popular candidate, was heard in a strong address in which he contrasted the record of this Government with that of the old party which is now seeking to get back into power. Mr. Dickson, who is a progressive farmer, devoted his address largely to a review of the things this Government had accomplished for the men on the farm. He and associates will be given a big vote by the electors in this vicinity.

AMERICAN ON BOARD

Washington, Feb. 11.—The British India liner Mantola, of 8,500 tons, with one American citizen, Earl Rice, ship surgeon of Portland, Oregon, aboard, was torpedoed without warning 185 miles southwest of Fastnet on Feb. 8. Crew and passengers, except seven Lascars, were saved. The experiment is under way this week in the American theatre, Terre Haute which has been turned over to the women by J. S. Hered the owner. Strict censorship is to be maintained, particularly on Friday and Saturday when the films will be selected by the women. Half of the net proceeds will be given to the clubs for the benefit of the Public Health Nursing Association of Terre Haute and the Legislative Council of Indiana.

The Only Thing Good Enough To Stand Such A Test. A mere try-on—like at a drugstore—can't possibly prove whether a truss or anything else for rupture is going to do any good. Neither is just a few days trial a safe test. A truss may seem alright the first week or so and then prove utterly worthless. But you can't possibly make a mistake after sixty days' trial. And there is only one thing of any kind for rupture that you can get on such a long trial.

Only one thing good enough to stand such a long and thorough test—that is our guaranteed rupture holder—the famous Cluthie. Made on New Principles. The Cluthie is so radically different from everything else for rupture that it has received eighteen separate patents. Made on an absolutely new principle—far more than just a truss. It has so thoroughly proved its merits in nearly 300,000 cases that surgeons in the U. S. Army and Navy and physicians in all parts of the world now recommend it instead of advising operation.

Will Save You From Operation. A rupture can't possibly be relieved—can't even be kept from growing worse—unless "protected" against all strains and constantly kept from coming out. Just as a broken bone can't "knit" unless constantly held together. And that is the curse of wearing elastic or spring trusses—not one in twenty ever holds successfully—they sooner or later make operation

absolutely necessary instead of preventing it. But remember the Cluthie is guaranteed to hold—and won't cost you a cent if it doesn't. And in addition it provides the only way ever discovered for overcoming the weakness which is the real cause of rupture. It does that entirely automatically—without any attention whatever from you. And has thus brought complete recovery in thousands of cases that seemed almost hopeless, and has saved thousands of people from having to risk their lives under the surgeon's knife.

Government Party Convention

Carleton C. unity—Business! Good! Murray's G. verment Striking Majorities.

Special to The Standard. Woodstock, N. B., Feb. 10.—Hon. F. Smith, W. S. Sutton and G. White were nominated by the government convention this afternoon at the theatre. It was one of the time conventions, with a large attendance, lots of "pep" and all the energetic workers present. Every parish in fact, every district, sent delegates. The delegates coming by Valley Road arrived here first, and about 100 of the C. P. R. both north and south poured its quota into the town.

Much enthusiasm there has been an enthusiasm displayed at the opening of a campaign. The farmers of the county have been so ably looked after by the present representatives, B. Frank Smith, G. L. White and S. Sutton, that without any hesitation they were nominated by the gates, and the electors will show appreciation of their efforts by electing them on February 24th.

Hon. Mr. Smith has given his divided attention to the affairs of the public works department since his office, and judging from the work it was controlled by the old government, it is generally admitted great advance has been made in work in that department.

Active in Support. The resolutions passed today ed the delegates to uphold and advance the interests of the government, provincial and federal, which have done so much for the province, and the speakers made an adulatory reference to the road measure. Mr. Smith, one of the planks being a serial bond to the amount of \$500,000 for roads. The amount received from the sale of fees is to be given to the province for the purpose of making these bonds, they maturing these bonds will be added to the present debt of the province. A new policy will be inaugurated spring and it will result in improvement in the roads.

Dr. W. D. Rankin was elected re-elected to the large attendance. He referred to the stormy No. 10, that without any hesitation they were nominated by the gates, and the electors will show appreciation of their efforts by electing them on February 24th.
