SHOCKING --- A ad affair occurred at Hough ton Centre a few days since. A tame bear belonging to a Mr. Fairland, of that place. had been for some time chained in the sear of the houses, and the wife of a mechanic living close by, requiring a dish in which he had been supplied with water, came for it, when ou stooping down, too close to the animal, he sprang upon her, and mudiated her in a shocking manner. Her cries brought some men to her rescue, but the brute had torn her scalp clear away, and had bitten her through the arm and thigh, as well as bruising her about the body. The poor woman was still alive when we last heard from her but would hardly recover. The bear was destroyed the following evening.

TERRIBLE ACCIDENT

BUFFALO, NEW YORK AND ERIE RA!REOAD.

FIVE PERSONS INSTANTLY KILL ED, AND NUMBERS SERIOUSLY INJURED.

Buffalo, Friday. A terrible accident occurred on the Buffalo, New York and Erie Railroad, yester day morning, about a mile east of Conesus, which resulted in the death of five persons, and many more dangerously wounded. For some reason or other, best known to the mangers themselves, no official account, nor has any telegraphic report been received here and we are forced to rely on the floating statements of passengers and employees arrived here. The following particulars are from this morning's Express :-

The night express train from New York, coming west, met with an accident this morn-

the track being on an ordinary ditch embank-ment, a few feet above the level of the country. The passenger and baggage cars, it was found, were off the track, and before the speed of the engine could be checked, they were space. The engine remained upon the track, the spreading of which caused the dreadful port.

The accident was soon telegraphed east and west, and medical and other aid was promptly despatched to the scene of the accident, it is hoped to be of avail to some of the injured persons.

THE KILLED. The following five persons were instantly killed, some of them being dreadfully mutilat-

There are several others badly wounded, whose names we have not learned, and the aber slightly injured—that is, entailing employees are mentioned among either the killed or jojured. By to-morrow we shall probably have full particulars of this horrible the first that ever occurred on this

Since the Buffalo, New York & Erie Road has been run until this accident took place, no passenger was ever killed, an employed having lost his life by an accident which occurred some time since. Such a record is rare, and adds to the regret that this fata! casualty has occurred.

We have received no additional par joulars. We have made every enquiry and lave no additional information.

During the last fourteen days we have not had the same animation in our markets as was observable the month previous, as the fall fleet has not been large. The number of really prime rafts for sale is however very limited, and holders do not seem inclined to submit to any reduction. A good deal of inferior and ordinary timber is passed on the market and find buyers with difficulty at from 4d to 54d.
