<p><b>2. CHEAP BUT GOOD STEREO:</b> This starter system uses the Superscope 1240 AM/FM receiver, 20 watts rms/ch, a pair of Akai SW99 2 way speakers, &amp; the nifty B.I.C. 920 automatic record changer with cover &amp; magnetic cartridge. Perfect for a room in rec. room, etc. BIG sound for small bucks. Normal system price: \$509. SPECIAL: \$349. (!)</p>	<p><b>3. BETTER YET:</b> This is a nice one. The Marantz 1090 amp, 45 watts RMS/ch; bass, mid-range &amp; treble controls combined with the excellent little Marantz Model 4 MK2 speakers &amp; the Marantz 6110 belt-drive auto-shutoff turntable with magnetic cartridge. Wall-to-wall Marantz &amp; very clean. Normal system price: \$810. SPECIAL: \$599.</p>	<p><b>4. ONKYO -EPI- BIC Slick.</b> The onkyo TX 2500 AM/FM receiver with 25 RMS per side, super accurate stereo-lock tuning. With it EPI 100 speakers (2 way- a Consumer Reports "best buy" for the last few years) &amp; the B.I.C. 912 belt drive semi-automatic table with a Shure M95 cartridge. Excellent sound! Normal system price: \$1210. SPECIAL: \$895.</p>	<p><b>5. THE HIGH-PRICED SPREAD...</b> Ah, yes... the finer things of life. This one can unhinge your brain. It's got the absolutely mind-boggling Hitachi 803 AM/FM receiver (100 watts RMS (DynaHarmony) per channel. With it the Hitachi HT 350 direct-drive semi-automatic table with cartridge; Hitachi HF371 speakers (12" woofers) Normal system price: \$1339. SPECIAL: \$1050.</p>	<p><b>6. TOWERING INFERNO</b>          If you've got the big bucks we've got the sound. Perhaps one of the cleanest sounds for the money that you can get anywhere. It uses the beautiful Marantz 1122 DC amp-direct coupled, 61 RMS per side &amp; clean as a whistle; &amp; the Marantz 6350 Quartz direct drive table ADC XLM MK3 cart. Technics SB6000 3way Linear phase speaker Normal: \$1859 SPECIAL: \$1349 !!!</p>
<p><b>7. EQUALIZER SPECIAL</b>          The ADC SS-2 10 band stereo equalizer. This can make any system sound about twice as good. Beef up that bottom end, fix the mids, boost the highs- you control the sound! This can make more of a change in a system than any other component. LIST: \$ 349 SPECIAL: \$299.</p>	<p><b>8. PORTABLE RADIO - CASSETTE:</b> Superscope CR 1050 portable AM FM radio with a cassette deck built in. Perfect for the beach or tennis court. Record your own stuff or things off the radio or play back commercial tapes. Good sound for such a portable package. LIST: \$89. SALE: \$67. Limited quantity.</p>	<p><b>9. SUPER SPECIAL</b>          one only !! Very nice mid-priced system. Technics SL220 belt drive semi-auto turntable comes with Shure M95 cartridge. One nifty thing about the table is that all controls can be reached with the dustcover down. LIST \$1630. SALE \$1299</p>	<p><b>19. MARANTZ 5400 CASSETTE DECK:</b>          WOW! Top-load deck with Dolby, chromium circuits, limiter, peak LED's 4 input mike or line mixer with panning (!) Top of the line, VERY quiet!! LIST: \$ 499. SALE: \$ 299.</p>	<p><b>20. AUDIO TIP #58,321:</b> Why high power amps or receivers. When you get peaks in the music you can actually need 5 times your normal power to handle them without clipping distortion. Most rock &amp; classical music is loaded with these peaks. So having the power doesn't mean you play it roaring loud all the time- you just put the vol control on 3 or 4 &amp; you have the power reserve when you need it.</p>	<p><b>21. HOW ABOUT A GUITAR?</b>          YAMAHA FG 325 . Beautiful acoustic steel-string folk guitar. LIST: \$119 SALE: \$ 89.          OR The Capri Jumbo Acoustic. Nice, mahogany sides, back, spruce top.
