

Speed the Victory!

ing \$100,000.

Fifth day returns of \$66,450 were reported Saturday at East Middlesex Fifth Victory Loan headquarters, making the five-day total \$307,950, approximately 22 per cent of the \$1,400,000 objective.

First Royal Canada Air Force station in Hastings County to be reported as oversubscribing their objective in the Fifth Victory Loan is No. 5 Initial Training School, reported to Ottawa as having raised \$46,500 or \$1,500 more than the ob-

jective set by Wing Cmdr. A. J. Snetsinger, commanding officer.

"Ottawa set us an objective, an average of \$40 per man for the Victory Loan," stated Wing Cmdr. Snetsinger to the Ontario Intelligencer this morning, "but so far we have increased this to about \$48 per man. We are pleased with our showing, of course, but even at that we are not taking too much credit."
