

If this is the case, you will please report if
 some other arrangement should not be made
 as it is considered that the two duties, ~~by the same~~
~~persons~~ cannot be properly attended to by the one
 person. It is frequently found difficult
 to tell whether the expenditures should be charged
 to Indian or Farm account. In order to remove
 this difficulty, you will please leave the Receipts
 out when supplies are chargeable to Indians, and
 indicate the location in some other manner.

Yours, Sir,

Your Obedient Servant,

Wm. H. Ross

Deputy of the Sup^t Gen^l
 of Indian Affairs.
