District Inspector, Air Regulations,
402 Blowey Henry Building,
EDMONTON, Alberta

1. With reference to your letter of April 16, 1948, with respect to the above-referenced aircraft, may be advise that the Certificates of Registration and Airworthiness for this aircraft have not, as yet, been returned to this office for cancellation.
2. It may be noted that on January 14, 1948, we gave Mr. W.B. Carss permission to retain these documents for the completion of proceedings by his solicitor with respect to the covering of insurance on his aircraft. It is felt that they have had enough time to complete what action was required in this particular case, and it is suggested that you request Mr. Carss to return these documents for cancellation, or supply good reason to the contrary.
