

DINSMORE LARK
MAR 21, 47

Dear Sirs

I Purchased Piper Cub.
plane # CF-EEN from H Howard
of Hanely Park on Oct. 10th 1946
I have no record of flying time
since that date, other than that it
has used 225 gals of gas. flying
time would be about 40 hours.

The plane is in Moose Jaw at the
present time for repairs. It was
taken there on Feb 22, 47.

It was damaged about Dec 10, 46
This letter is to be part of Temporary
Log Book supplied by H Howard.

George Nelson
