

Dr. Fowler's

Extract of Wild Strawberry is a reliable remedy that can always be depended on to cure cholera, cholera infantum, colic, cramps, diarrhoea, dysentery, and all looseness of the bowels. It is a pure

Extract

containing all the virtues of Wild Strawberry, one of the safest and surest cures for all summer complaints, combined with other harmless yet prompt curative agents, well known to medical science. The leaves

of Wild

Strawberry were known by the Indians to be an excellent remedy for diarrhoea, dysentery, and looseness of the bowels; but medical science has placed before the public in Dr. Fowler's Extract of Wild

Strawberry

a complete and effectual cure for all those distressing and often dangerous complaints so common in this changeable climate.

It has stood the test for forty years, and hundreds of lives have been saved by its prompt use. No other remedy always

Cures

summer complaints so promptly, quiets the pain so effectually and allays irritation so successfully as this unrivalled prescription of Dr. Fowler. If you are going to travel this

Summer

be sure and take a bottle with you. It overcomes safely and quickly the distressing summer complaint so often caused by change of air and water, and is also a specific against sea-sickness, and all bowel

Complaints.

Price 50c. Beware of imitations and substitutes sold by unscrupulous dealers for the sake of greater profits.

TESTIMONIALS.

SHE WOULD HAVE WELCOMED DEATH.

GENTLEMEN.—Two years ago I took a severe attack of summer complaint, and suffered for some time so severely that I felt at times that the grave and death would be a relief. I took medicine from four different doctors without effecting a cure, and in fact found very little benefit from anything until I commenced taking Dr. Fowler's Extract of Wild Strawberry. I have taken three bottles, and am now healed inwardly and quite regular. The doctors said I was past help, they could ease me with soothing powders, but they were of no benefit. I suffered more than pen can describe. My granddaughter got me the Wild Strawberry and I used it according to directions. The first bottle relieved the disagreeable feeling, and at the end of the second I was able to sit up a few moments at a time, and I am now able to be dressed and feel quite comfortable, and as well as anyone of my age (79 years) can expect to be.

Diarrhoea Cured.

DEAR SIR.—I was suffering very much from Diarrhoea, and could get nothing to cure me. One day a friend told me of Dr. Fowler's Extract of Wild Strawberry. I took a few doses and it completely cured me.

Always Proves Successful.

GENTLEMEN.—About two years ago I had a very bad attack of diarrhoea, and tried all sorts of medicine, but received no benefit from anything. By chance I heard of Dr. Fowler's Extract of Wild Strawberry and I gave it a trial, though I cannot say I had much faith in it; however, less than one bottle completely cured me, and I would not now be without it. Numbers of my friends have used it and in every case it proves successful.

J. BUTCHER,
Winnipeg, Man.

Baby was Saved.

SIRS.—Last summer my baby was very bad with summer complaint, and nothing would cure him. Doctor's medicine failed and I thought my baby would die, until a friend advised me to try Dr. Fowler's Extract of Wild Strawberry. With the first dose I noticed a change for the better, and he is now cured, and fat and healthy. Since then I always keep a bottle of it in the house, because I know it saved my baby's life.

London, Ont.

Severely Attacked.

GENTLEMEN.—I was troubled every summer and fall with diarrhoea cramps and colic, and last winter had a very severe attack and thought I was going to die. I tried Dr. Fowler's Extract of Wild Strawberry, although I thought it was throwing away money, but soon found I was getting better, and now I thank it for saving my life. I would not be without it.
