

[ADVERTISEMENTS.]

THE LIGHT-RUNNING CROWN SEWING MACHINES,

ARE UNSURPASSED FOR

SIMPLICITY!
DURABILITY!
EFFECTIVENESS!

And all Desirable Qualities in
a Family Sewing Machine.

While we wish every one to see the Crown, *we do not employ canvassing agents at a high rate of commission* to annoy ladies at their homes about a sewing machine; and therefore we can sell the Crown at the *lowest possible price* for which a FIRST-CLASS MACHINE can be sold. It is of American manufacture, made by Florence Machine Co., Florence, Mass.
