LAST MOUNTAIN VALLEY

THE HEART OF THE GREAT

Saskatchewan Wheat Plains
of Western Canada

READ WHAT PROF. THOS. SHAW SAYS ABOUT THIS DISTRICT

Speaking of Last Mountain Valley, he writes after personal inspection: "This rich and beautiful farming section lying east of Last Mountain Lake, embraces one of the finest areas in the Northwest. The land is undulating in this region, mostly open prairie. The soil is a rich black vegetable loam, from one to two feet deep, and is underlaid with a clay subsoil. Frost to injure the wheat is virtually unknown. Being thus favored so highly by nature, it is not surprising that the production of wheat in this region is phenomenally high; in several instances forty to forty-five bushels per acre having been reaped. Oats, Barley, Flax and all small grains yield relatively as good as those of wheat. Potatoes grow most luxuriantly. Two or three years ago there were not more than thirty-five settlers in the entire area, now there are over three thousand and others rapidly coming in."

BUY YOUR TICKETS TO STRASSBURG
via Winnipeg by the Soo Line

In this section you can see two Transcontinental Railways actually building. Write us for maps, prices and handsomely-illustrated booklet descriptive of this rich region.
