It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—Civil Service Gazette.

Persons of weakly constitution derive from Northrop & Lyman's Emulsion of Cod Liver Oil and Hypophosphites of Lime and Soda a degree of vigor obtainable from no other source, and it has proved itself a most efficient protection to those troubled with a hereditary tendency to consumption. Mr. Bird, Druggist, of Westport, says: "I know a man whose case was considered hopeless, and by the use of three bottles of his Emulsion his weight was increased twenty pounds."
