The Doctor—"Some creatures, you know, are exceedingly sensitive to musical sounds. You may not believe it, but it is an authenticated fact that two song sparrows once flew into a room where a grand opera singer was rehearsing an aria, listened a few moments, and dropped dead."

The Professor—"I don't doubt it. I have heard before of killing two birds with one's tone."

Could Not Sleep In The Dark.

Doctor Said Heart and Nerves Were Responsible.

There is many a man and woman tossing night after night upon a sleepless bed. Their eyes do not close in the sweet and refreshing repose that comes to those whose heart and nerves are right. Some constitutional disturbance, worry or disease has so debilitated and irritated the nervous system, that it cannot be quieted.

Mrs. Calvin Stark, Rossmore, Ont., writes:—"About two years ago I began to be troubled with a smothering sensation at night, when I would lie down. I got so bad I could not sleep in the dark, and would have to sit up and rub my limbs, they would become so numb. My doctor said my heart and nerves were responsible. I saw Milburn's Heart and Nerve Pills advertised and got a box to try them. I took three boxes and can now lie down and sleep without the light burning and can rest well. I can recommend them highly to all nervous and run down women."

MANITOBA WINTER FAIR

Announcement is made elsewhere in this issue of the Manitoba Winter Fair and Fat Stock Show to be held in Brandon, March 5 to 11, 1910. It will amply repay every farmer and breeder to visit the great show. There are few more valuable educational influences than a well conducted live-stock show and the rapid progress made by the Manitoba Winter Fair during the past few years indicates that the forthcoming show will more than maintain its traditions.

The management have acted wisely in their selection of judges. It is of the utmost importance that men of outstanding ability should be appointed. The following names will merit the confidence of exhibitors generally. Horses, Carl W. Gay, professor of animal husbandry, University of Pennsylvania; beef cattle and hogs, Professor R. J. Kinzer, Kansas State Agricultural College; sheep, John Campbell, Woodville, Ont.

The prize list will contain many new items of interest and special inducements are held out to farmers who have not exhibited before.

The secretary and manager is Charles Fraser, Brandon, who will be pleased to furnish a prize list and all information on application.

OUT-CLASSED RECORD HORSES WANTED

In your issue of November 24th I notice an article "Out-classed Record Horses Selling Low." Could you assist me in securing one or two of this class of horses? I want a nice attractive driver, must be well bred, fast and drive nice on the bit. If you could assist me in securing one of this class of horses I certainly would be pleased. J. H. A. Sask.

Ans.—The article referred to was contributed by our correspondent in Chicago and refers to the selling of out-classed race horses in that city. This circumstance probably will make it impossible for you to purchase, as the Chicago market is a long distance away, and the expense of bringing horses from that quarter too great. Your best course would be to get in touch with some horseman in your nearest large town. In nearly every town in the West are some who are interested in trotting or running horses; sometimes a few, and always sufficiently informed on race horse matters in their own district to know where a discarded racer may be obtained.

We would hardly advise you to buy in any other way. You want to see the horse you put your money in and know something about him. As a rule you can learn this better by dealing locally than by buying in a larger market. As a matter of fact we wouldn't advise buying out-classed record horses anyway. "Has beens" of any kind are rarely worth much, and are usually high priced, no matter what is paid for them.

NEIGHBOR REFUSES TO FENCE

This is not a herd law country. Frequently my cattle get into my neighbor's field, through, or, rather, over his fence along the road. As he is near town he drives them through his quarter-section on road allowance and then through the other quarter on to the town premises or

HILLCREST STUD

We have added to our well known stud of Clydesdales at the Hillcrest Stud, Condie, Sask., a recent importation of thirty five head—twenty-three stallions and twelve fillies. Our new importation was personally selected to keep up the high standard of our stud, and we are offering horses with size and quality combined, to a marked degree. They are sired by such horses as Baron's Pride, Hiawatha, Everlasting, Baron's Gem, Royal Favorite, Baron's Voucher, Royal Edward, Baron o' Buchlyvie and Sir Hugo.

Customers buying from us have no middlemen's profits to pay, as we buy and sell our own horses.

DISPERSION SALE OF SHORTHORNS

Having sold my farm I must dispose of my entire herd of pure-bred Shorthorn cattle. I have yet my champion herd and their descendants that won for me honors at many of the leading Alberta exhibitions in past years. There are females of all ages, descendants of the most noted families of in Scotland. I have used such stock bulls as Trout Creek Hero, the champion bull in Alberta, for a number of years; Loyalty (imp.); Remus, a Toronto prize winner, and Lucerne (imp.), the latter a bull of exceptional merit. My prices are very reasonable.
