

Has Your Locality a Telephone System?

Do your neighbors and yourself enjoy the privileges and benefits of an up-to-date telephone system?

It's more enjoyable, more sociable, more business-like, and safer, living in a telephone-served locality.

You are always in touch with your neighbors. You can talk business with the creamery, the implement agents, the stores, the bank and your lawyer. You can call the railway station and learn if an expected shipment has arrived. In time of sickness you can summon the doctor immediately. You can call your neighbors to assist you in case of a fire, an accident, or an unwelcome visit by tramps

If there is no telephone system in your locality send for our famous book entitled

"Canada and The Telephone"

With this book, which shows by means of vivid pictures the necessity of rural telephones, you can quickly promote a local company, and enjoy the distinction of being known as the most progressive man in your locality.

Our Engineers will assist your company or any municipality requiring expert advice in planning con-

struction or solving operation problems. This service is free.

No. 3 BULLETIN

Our new No. 3 Bulletin gives a complete description of our telephones, which are the highest-class on the market to-day. It also tells how rural telephone lines are built, how equipped and how maintained. Write for this bulletin.
