Major Howard served earlier in the war with the 2nd Battalion in France.

KEEP HEALTHY DURING WINTER

Colds and Diseases May be Avoided if the Blood is Kept Pure.

Do not let your blood get thin this winter. For people who have a tendency towards anaemia, or bloodlessness, winter is a trying season. Lack of exercise and fresh air, and the more restricted diet; are among the many things that combine to lower the tone of the body and deplete the blood.

As soon as you notice the tired feeling, lack of appetite and shortness of breath that are warning symptoms of thin blood, take a short course of treatment with Dr. Williams' Pink Pills. Do not wait until the color has entirely left your cheeks, until your lips are white and your eyes dull. It is so much easier to correct thinning of the blood in the earlier stages than later. This is well illustrated in the case of Mrs. E. Williams, Elk Lake, Ont., who says:—"I take great pleasure in telling you how the benefit I have found in the use of Dr. Williams' Pink Pills. I was in an anaemic condition, and was very weak and run down. The least exertion would leave me breathless and it was with difficulty that I did household work. I was advised to try Dr. Williams' Pink Pills, and after the use of four boxes I felt like a new person. In fact my system seemed filled with new energy and new life. I strongly recommend this medicine to all who feel weak or run down."

The purpose of Dr. Williams' Pink Pills is to build up the blood. They do this one thing and they do it well. They are for this reason an invaluable remedy in diseases arising from bad or deficient blood, such as rheumatism, neuralgia, after-effects of the grip or fevers. The pills are guaranteed to be free from opiates or any harmful drug and cannot injure the most delicate system.

You can procure Dr. Williams' Pink Pills through any dealer in medicine or they will be sent you by mail at 50 cents a box or six boxes for \$2.50 by writing direct to The Dr. Williams' Medicine Co., Brockville, Ont.

Anglican Church at Haliburton Was Burned Sunday

Lindsay, Jan. 28. — The Anglicans of Haliburton suffered a severe loss on Sunday morning when their church was totally destroyed by fire. The fire was first noticed at ten o'clock, caused it is supposed by an overheated furnace. Being a frame structure it was not very long before it was a mass of flames. The villagers had a hard time to prevent the fire from spreading to other buildings. It is understood an insurance was carried on the church, but will not nearly cover the loss sustained by the congregation. Rev. Mr. Walther was the rector at Haliburton.

Judicious exercise and diet will frequently improve a man's opinion of his neighbors.

Flanger was Derailed.

A Grand Trunk flanger jumped the rails in the yard near the Union station Brockville on Sunday morn-

ing and ended up alongside an abandoned track. The driving wheels of the locomotive which was attached to the flanger followed both flanger and locomotive being replaced within a short time. No person was injured and no damage done.
