CARD OF THANKS.

Will friends and neighbors, men, women and children, who so heroically fought the flames off my warerooms, when to-day the adjacent hotel barns were burned, kindly accept my most hearty thanks. It was through their Herculean efforts that the fire was kept from spreading. I am sure I express the sentiments of other neighbors whose property was also saved.

Yours thankfully,
Melvin Halliday,

PROTOCOL NOW SIGNED AND LAND IS CEDED

Turkey Hands Over Land to Bulgaria as Per Their Agreement.

By Special Wire to the Courier

Sofia, Bulgaria, Sept. 26, via London, Sept. 26.—The protocol providing for the handing over the territory ceded by Turkey to Bulgaria in virtue of the Turco-Bulgarian agreement was signed by Turkish and Bulgarian delegates at Demotika, 20 miles south of the Turkish fortress of Adrianople, yesterday, according to the semi-official Bulgarian newspaper "Narodni Prava."

The agreement by which Turkey cedes to Bulgaria the Turkish portion of the Dedaghatch railway is reported to have been reached July 22. The protocol is understood to transfer to Bulgaria all Turkish territory west of the Maitza River. The Maritza is the principal river in European Turkey, and formed the boundary between Turkey and the part of Turkish territory ceded to Bulgaria after the Balkan war. According to unofficial reports, the treaty leaves Bulgaria unpledged concerning her attitude in the war.

WAR BULLETINS WERE SCANNED BY THOUSANDS

Crowds Surrounded Courier Office — Pastors Were Told of Victory.

The magnificent news of the combined great victory of the Allies on the Western front, was received over the Courier's leased wire at about 10.30 on Sunday morning.

Bulletin boards speedily announced the glorious achievements of the troops of both Gen. Joffre and Gen. French, and there were large and enthusiastic crowds in front of the office all day.

The news of the triumph was supplemented by the official reports of Sir John French and from Paris, and when these also were displayed, all doubts vanished in the minds of some who seemed to think that first reports had been overdrawn.

It was a positive treat to watch the countenances of the bulletin crowds. They were reading the best news since hostilities started, and their faces and delighted comments clearly showed their feelings.

The Courier speedily phoned the various churches which could be reached before morning service, and when the congregations were told of the good news, the National Anthem, in more than one instance, was sung in a spontaneous manner.

After the audiences dispersed, there was a rush down town to see the full particulars.

One worshipper remarked to his pastor, "It was all myself and others could do to refrain from applause."

"Why didn't you?" queried the minister, "I would have helped out."

BELLS TOLLED, HORNS BLOW.

The great news burst upon Brantford with its full significance when the bell at the fire hall tolled and the factory whistles shrieked—it was VICTORY—the thing that for a year every one had dreamt of, but never realized until to-day. People rung each other with mutual congratulations, and the Courier office rang with phone calls asking for news. Many did not know that a victory had taken place, and the surprise of hundreds was a patriotic tribute in itself.

Steamer Sunk.

By Special Wire to the Courier.

Marseilles, France, Sept. 27—The British steamer Natal, transport, was shelled and sunk by a German submarine, September 17th, south of Crete. Its crew of thirty-four was picked up and landed at Piraeus, Greece. The sailors were taken from there to Malta, by the Messageries Maritimes lines which arrived here yesterday.

The Natal transport was a steamer of 2,655 tons net. She was last reported to have arrived at Port Said on July 15.

Gives Italian View.

By Special Wire to the Courier.

London, Sept. 27—A Rome despatch to the Exchange Telegraph Co. says that King Constantine of Greece gave an audience to the Italian minister who, after conferring with Premier Venizelos, sent a special courier to M. Radoslavoff, the Bulgarian premier, setting forth the Italian view of the Balkan situation.

Doctors of Chiropractic
KI-RO-PRAC-TIC
No Drugs. Not Medical. No knife
The cause of disease removed by spinal adjustments based on a thorough knowledge of the nervous system. All the cells and tissues of the human body are controlled by the brain, which generates a nerve stimulus or electricity which passes from the brain through the nerves to the oragns and tissue cells of the body. The nerves pass from the brain through the spinal canal and branch off in pairs, passing through the small opening between the vertebrae where a slight subluxation of one or more of these vertebrae causes pressure on the nerve and restricts the flow of nerve stimulus, thus causing a diseased condition of the part controlled by the impenged nerve. Subluxation may be caused by a fall, wrench, or strains or exposure to drafts. Thus by adjusting the subluxation and freeing the nerve the effected part is restored. We have had years of experience with diseases and ailments that other methods of healing have failed to cure, and in a short time we have restored them to health by spinal adjustments. We can give reliable references in the city. We also give electric vibrations.
