PUTTNER'S EMULSION

Has triumphantly marched to the front ranks as a Pharmacopoeial preparation with victorious results.

READ THE FOLLOWING

Messrs. PUTTNER EMULSION Co., of Halifax, N.S., HALIFAX, Oct. 3, 1882.

GENTLEMEN—We have much pleasure in stating that our sales of your EMULSION OF COD LIVER OIL are steadily increasing, amounting now to about a thousand bottles monthly, and that it seems to give very general satisfaction. During our long experience (over forty years) in the Drug business we have seldom met with any preparation of similar character which has obtained so large a sale, or so wide a popularity not only with the general public, but also amongst MEDICAL MEN. These results, we believe, are largely due to the merits of your specialty, as well as to the skill with which it is prepared, and the moderate price at which it is supplied to the consumer. Yours respectfully, BROWN & WEBB, Wholesale Druggists, etc., etc.

N.B.—The physicians of Ontario inform our agent, who has lately interviewed them, that the great advantage of PUTTNER'S EMULSION holds over all others is that it is so easily digested, and that their delicate patients after rejecting all other EMULSIONS, are cured by PUTTNER'S with ease.

Sold everywhere. Price 50 cents.

THE BEST REMEDY FOR Diseases of the Throat and Lungs.

AYER'S CHERRY PECTORAL.

Diseases of the pulmonary organs a safe and reliable remedy is invaluable. Croup, Whooping Cough, and other pulmonary affections are such a remedy, and no other so generally merited the confidence of the public. It is a delicate combination of the medicinal principles and curative virtues of the finest drugs, chemically united, and administered in a form so palatable, and so easy of use, as to insure the greatest possible efficiency and uniformity of results. It is the foundation of all pulmonary diseases, affording prompt relief and rapid cure, and is adapted to patients of any age or either sex. Being very palatable, the youngest children take it readily. In ordinary Coughs, Colds, Sore Throat, Bronchitis, Influenza, Clergyman's Sore Throat, Asthma, Croup, and Catarrh, the effect of Ayer's Cherry Pectoral are magical, and multitudes are annually preserved from serious illness by its timely and faithful use. It should be kept in hand in every household for the purpose of affording relief in the early stages of these diseases, and in Whooping Cough, and Consumption, there is no other remedy so efficacious, soothing, and helpful.

Low priced preparations to try some of the many mixtures, syrups, made of cheap and ineffective ingredients, now offered, which as they contain no curative qualities, can afford only temporary relief, and are liable to become and dangerous. Ayer's Cherry Pectoral, and you may confidently expect the best results. It is a standard medicinal preparation, of known and acknowledged curative power, and is as cheap as its careful preparation and fine ingredients will allow. Beware of cheap imitations, and always get the genuine. The fact of half a century has proven its absolute certainty to cure all pulmonary complaints not already beyond the reach of human aid.

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass.
