## A Farmer's Trials

A SUFFERER FOR YEARS, THE RESULT OF A FALL

In His Weakened Condition La Grippe Fastened Itself Upon Him, and Brought Him Near the Grave.

Mr. William Silver is a well known farmer living near Hemford, N. S. During his life he has passed through much sickness, but now, thanks to Dr. Williams' Pink Pills, he is again enjoying vigorous health. To a reporter who recently interviewed him Mr. Silver said: "I am now in my 62nd year, and may date the beginning of my trouble to my sixteenth year when I was thrown from a horse's back and had my spine somewhat injured. This was always a weak spot and it seemed to leave me more susceptible to other trouble, as it grew worse as I advanced in years. As a farmer I always had to work hard, and often to expose myself to inclement weather. My back trouble was finally aggravated by indigestion, and as this affected my appetite, I was much run down. Finally a few years ago I was attacked with lagrippe, which developed into pneumonia. My family doctor succeeded in conquering this trouble, but for six months I was not able to leave the house, and all that he could do for me did not bring back my strength. Finally I consulted another doctor, but with no better result. In fact before I stopped doctoring I had tried four different physicians and all the time instead of getting better I was growing weaker. Some eighteen months had now elapsed since my attack of lagrippe, and during that time I was not able to do any work. My whole system seemed exhausted, and my nerves shattered. On fine days I would go out for a while, but often I would become so weak and dizzy that I could scarcely get back to the house. One day a neighbor asked me why I did not try Dr. Williams' Pink Pills. I thought the advice might be worth taking and I sent for a half dozen boxes of the pills. Before they were gone there was no doubt I had found a medicine that was helping me, and I got a further supply. I continued taking the pills for about three months, and before I quit using them I was feeling better and stronger than I had done for years. Every symptom of the weakness that had followed a grippe was gone and my back which had bothered me for so many years was almost as strong as in boyhood. I have since done many a hard day's work, and been exposed to bad weather, but without any evil effects, and I can truly say Dr. Williams' Pink Pills have restored me to vigorous manhood.

Dr. Williams' Pink Pills cure such cases as the one noted above because they create new, rich, red blood, thus strengthening weak and shattered nerves. They do not purge and weaken like other medicines, but strengthen from the first dose to the last. Sold by all dealers in medicine or sent post paid at 50 cents a box or six boxes for \$2.50 by addressing the Dr. Williams' Medicine Co., Brockville.

The New York Herald says there is a whisky famine in that State. This is the only sort of famine that can be regarded with distinct and benevolent approval.

Last week "The Irish People" a weekly paper published in Dublin Ireland was seized by the police for publishing an article which was such a filthy and scurrilous attack on King Edward. Cardinal Vaughan was also attacked for having presented the King with an address. The Irish Nationalists objected to the seizure saying that it was illegal and was a violation of the liberty of the press. A vote was taken in the Commons and the article was condemned.
