Silverware Styles

are constantly changing. Some dealers are always behind in their selections. Others buy undesirable and out-of-date patterns, because they can be bought at their own price. They will try to make you think they are the correct thing. Such goods are never cheap, except in price. Let us show you our 'line of Meriden ware. Our word for it—the patterns are the latest, the quality the best, and price we will make you will be the lowest consistent with the best that is made in plate.

ARE FIRM

Local Striking Section Men say they Will Not Return to Work unless Concessions are Made.

The C. P. R. trackmen are still on strike this morning. The men are very firm in their demands and claim that nothing except the granting of the concessions they ask for, will induce them to again commence work. Reports as to the conditions along the line are very varied and confusing. The men who are on strike are very hopeful however, and eagerly enquire of the engineers and others on trains passing through as to the state of affairs on the tracks over which they have passed. The reports thus obtained say that there is not a trackman working between Windsor and London. One man, a section foreman, was working at Thamesville this morning.

There was one gang of Italians working at Windsor unloading coal this morning. Roadmaster Rose and the C. P. R. detective passed through the city yesterday on route on a trip from Woodstock to Windsor. They returned from Windsor this morning. Mr. Rose was seen by The Planet, but refused to talk about the condition of the strike. The detective, however, was more communicative. He stated that there were two or three gangs of men working between Chatham and Windsor and that all the men between Chatham and London were working. He also stated that there were no Italians whatever working on the road.

The men here, however, don't believe this and say that they will not be scared into going back. All of these men in this city who are on strike could in a few days obtain work on farms through the country as there is a scarcity of farm labor at present. They, however, wish first to see what terms they can make with the railroad before they take any other work.

LYCEUM COURSE

Excellent Series of Attractions Provided for Next Season—Sales for the Course Already Booked.

One of the most pleasing features of last season's entertainment at the Grand Opera House was the Lyceum Course of high-class concerts at popular prices. Full houses received enthusiastically every number on the course of Mr. Cairns was so encouraged by the patronage accorded the venture that he is now offering for next season what he claims to be the biggest dollar's worth ever offered in any course in the country.

The course for 1901-1902 will comprise ten numbers and the season tickets will be one dollar, with ten cents extra for each entertainment for reserving seats. Any one, however, who is willing to take his chances on a seat is enabled to hear such attractions as the famous "Fadettes" for less than 15 cents. This hardly seems credible, but the policy of a large number of the price rather than a small number at a high price has made it possible, and local concert-goers reap the benefit.

We are pleased to learn that last season's course was a success financially and that a novel from the progress being made in the sale of next year's tickets the subscribers' list will run to about 1000.

The number of the 1901-1902 Course will be:

1. "The Fadettes" Ladies' Orchestra, 24 artists.
2. "The Ottomwas" Male Quartette.
3. "The English Arden Concert Co."
4. "The Rogers-Griffey Combinations."
5. Albert Armstrong in his illustrated recital of "The Sky Pilot," the famous Canadian novel by Ralph Connor, (Charles Gordon, formerly of the Chatham Collegiate Institute staff).
6. Edward P. Elliott, in "A Gilded Fool."
7. Edmond Vance Cook, in "A Handful of Folks."

Mr. Cairns has also arranged a course of ten numbers to be given in the new theatre at London, the season tickets to be sold at \$2. A large number of tickets have already been sold for this course.

The Chatham Loan and Savings Co' 39th Half-yearly Dividend.

Notice is hereby given that a dividend at the rate of six per cent. per annum upon the paid up capital stock of this company has been declared this day for the current half year ending June 30th, 1901, payable at the company's office, on and after July 2nd, 1901.

The transfer books will be closed from the 20th to 30th June inclusive. By order of the Board, S. F. GARDINER, Manager.

FOR 47 YEARS

Mr. A. Cook, a Florence Pioneer is a Regular Annual Business Visitor to the Maple City.

Mr. and Mrs. A. Cook, of Florence, were in the city to-day. This is Mr. Cook's 47th regular annual visit to Chatham. Every year for the past 47 years Mr. Cook has brought his wool into Chatham and has done his year's trading in flannels, etc., at the Taylor mills.

This is a wonderful record and Mr. Cook, who is now nearing the three score year and ten limit, hopes to be able to make his 48th and many other trips.

DISAPPOINTED

Government Fishery Commissioner Bastedo will be Unable to Accompany the Excursion Party to-morrow.

Leaving the Kent Mills dock at 7.30 to-morrow morning John Bag-nall's gasoline launch will start down the river with a very congenial company.

Arrangements were made for the trip in order to accompany S. T. Bastedo, government fishery commissioner, on his trip to inspect the carp fishing and ponds at the mouth of the river and Dover West along the shore of Lake St. Clair.

The visitors present will be Colonel Leys, M. P. P. London; Jno. A. Auld, M. P. P. South Essex; W. J. McKee, M. P. P. North Essex; T. L. Pardo, M. P. P. Geo. Stephens, M. P., and a number of local fishing experts. At 2 o'clock this afternoon W. A. Thrasher, who was organizing the party, received a telegram from Mr. Bastedo, at Toronto, stating his inability to proceed. The excursion, however, will proceed in an unofficial way without him.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed, you have a rumbling sound, or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Suitable Summer Hats

That means fedoras—the ventilated featherweight makes that keep out the sun and let the breeze trickle through, and straws of course—all sorts and conditions of straws.

If a man likes plenty of styles to choose from, we can line up pearl fedoras almost from end to end of a 40 foot counter. And the very same is true of straw hats. We bought every new style that was not too extreme or absurd. But most customers find what they want before looking far. Our young men are quick to know what shape a customer would prefer, and equally quick to know what shape will look best on him. It's a sort of expertness that comes in any trade when you follow it every day and keep your eyes open.

Still this big selection is a fine thing to have at command. You know how a quarter inch more or less in the rim will improve one man and look like a practical joke on another. We'll not persuade you into any absurdities.

Pearl fedoras in about 25 styles, including 2 ounce weight. Matched bands, contrasting bands, pug nose bands, raw and bound edges, every correct proportion of height and width and every shade of pearl, \$1.00 to \$3.00.

Straw hats, light and heavy, plain and mixed, ranging from the finest swiss braids to heavy jumbo straws with double rim. Plain polka dotted or figured bands, straight sailors, rolling brim sailors, fedora shapes, 35c to \$1.00.

Thornton & Douglas

The Sir Knights and their friends who visit the Island will have a right royal good time. Do not mistake the date, Thursday, June 20th. Tickets, adults, only \$1, good to return on any regular train next day. Go along with the Bees and have a good time. L. Montford, of Detroit, Mich., is visiting his sisters, of this place.

The serious condition of James Winters continues unchanged. Wm. Blight, of Chatham, was in town yesterday on business.

A special meeting of a committee of the Town Council was held last evening to consider the tenders for the erection of the power-house for the electric light plant. H. L. Merritt, of this place, secured the contract. Work will be commenced at once.

Dr. John Campbell, who has just graduated as a full fledged M. D. and who has been home for the past week visiting his parents, Mr. and Mrs. Archie Campbell, left this morning for Berry, where he has engaged with a doctor at that place for a year. John is a Blenheim boy and we wish him every success.

The I. O. F. meet in their rooms to-night. Business of importance. All members are urged to be present.
