MARY AND HER LAMB

No. 6
Said Mary to her little Lamb:
"The autumn days are bright,
Yet I am feeling very blue—
I'm sure I'm just a fright."
P. S.—"Surething!" rejoined the lamb with that smiling complacency which always characterized him. He gave his gaudy green tail a shake. It was dyed with Eclipse dyes—2 packages for 5c at Radley's.
"What you need, Mary, is a bottle of Radley's Female Tonic. It costs only 50c and will do you 50c worth of good."

MORE TROUBLE IN RUSSIA

The Government Protected Treasury Wagon Looted By Terrorists

AN ASTOUNDING VICTORY

St. Petersburg, Oct. 29.—The revolutionary terrorists achieved Saturday in the heart of St. Petersburg an astounding victory over the Government's protected treasury. The scene was behind the Kazan Cathedral on the street leading to the Catherine quay.
The daring robbery was committed at about noon by which a number of terrorist highwaymen got away with \$193,000 from a wagon which was conveying the cash from the Custom Department to the State Treasury.
Two Bombs Thrown.
Two bombs were thrown in quick succession at the vehicle as it was passing close to a branch of the treasury, after which a rush was made at the wagon by a number of armed men who, after exchanging a hot fire with the gendarmes escorting it, managed to secure the booty and fled across a small footbridge over the Ekaterinsk Canal, leaving five of their number in the hands of the police.
Many bystanders sustained slight injuries as a result of the explosions.
Preparing For St. Petersburg.
One of those captured was a boy named White, who, when interviewed at the hospital, said: "We got the money; we are preparing for St. Petersburg."
The act was unquestionably one of revolutionary terrorism and not common robbery.

AN ELECTRIC STAMPER

It is understood that an electric stamper will shortly be added to the equipments at the local post office. Caretaker W. W. Mitchell has received a letter from D. Ewart, Chief Government Architect, announcing that the Government is sending a mechanic to set the machine up, and that he will arrive shortly.

MACINTOSH—GRAY

The marriage of Mr. Charles Duncan Macintosh to Miss Violet Osberg Gray, of New York City, took place on Saturday, October 26. Mr. Macintosh is an old Chatham boy, being the second son of Mr. A. St. L. Macintosh, who was manager of the local branch of the Merchants Bank of Canada for some years before he was transferred to London.

LAI'D TO REST

The funeral of the late Ed. W. Sandys took place yesterday afternoon from the residence of his mother, Stanley avenue, to Maple Leaf Cemetery. The last sad rites were attended by large numbers of the deceased literateur's friends, and many beautiful floral tokens were received, testifying to the high esteem in which he was held by all.
Among the many other floral tokens was one from Mr. R. E. Gosnell, secretary to the Premier of British Columbia, who is visiting in the city at the present time, and who was at one time associated with Mr. Sandys in newspaper work.
Funeral services were conducted at the house at two o'clock by Rev. Rev. J. W. Hodgins, assisted by Rev. Rural Dean Robert McCosh.
The pall-bearers were Messrs. T. K. McKend, W. E. McKeough, W. E. Rabin, S. Stephenson, Edwin Bell and John Waddell.
Consideration granted through casket rarely has a firm foundation.

DR. CAMPBELL'S FINE ADDRESS

Splendid Sermons Were Given in William St. Baptist Church

ANNIVERSARY SUNDAY

"Never in this history of the church have there been such successful anniversary services as this year." So remarked many of the leading members of the William street Baptist church last night at the conclusion of the service. The pastor, Rev. J. W. Hoyt, and the officers of the church, have spared no pains to make this anniversary occasion a huge success, and their efforts have been highly rewarded. At the suggestion of pastor Hoyt, Dr. J. L. Campbell, of Boston, Mass., who thirty-eight years ago was pastor of the William street Baptist church in this city, was invited to visit his old field of labor where he has yet many warm friends, and the congregation was delighted when he arrived. He made that the doctor had decided to accept the invitation extended to him by the church. As was stated before in the columns of this journal, Dr. Campbell is a preacher of great ability and power, and has made a name for himself both in Canada and the States as a man of great intellectual and scholarly attainments. Preaching services have been held in the church since Thursday night and meetings have been held every afternoon, at which Dr. Campbell gave very helpful and instructive Bible readings along the line of the Christian life, dealing with such subjects as Prayer, the Study of the Word, Work, etc.
For the services yesterday, the pulpit and choir loft were artistically decorated with palms, ferns and chrysanthemums, the work of the Young Peoples Society. The church edifice couldn't begin to accommodate the crowds that gathered last night to listen to the doctor's last address, and many who went at fifteen and ten minutes before the hour for service were turned away. The preacher took his text from John 4: 42: "Now we believe, not because of thy sayings, for we have heard him ourselves, and know that this is indeed Christ, the Saviour of the world." After some general remarks about the various inviting and tempting forms of arguments against the authenticity of the word of God, the speaker developed his subject under two heads, viz.: We accept the truth of Christianity on the testimony of others, and (2) we accept the truth of Christianity because we have the testimony ourselves. Referring to the second thought, the speaker said that if you want to know if God's book is true then apply the preceding truth and you will find out for yourself. Repeat of your sin and you will find out if God's book is true. Taste it for yourself, then you will know all about it.
The choir, under the able leadership of Miss Helen Carter, rendered an excellent music at both the services. Three anthems and a male quartette consisting of Messrs. W. Wrigley, Atkins, A. Wrigley and Wheeler were sung in fine style. The chorus parts of the anthems were well sung, while the solo work was well taken by Miss D. Carter, H. Carter, J. Skov, and F. Herries. At the close of the evening service Miss H. Carter rendered very sweetly "There is a Green Hill Far Away."
The offerings for the day were largely for the support of the local branch of the Y. M. C. A., and amounted to about nine hundred dollars. This sum, it is expected, will be considerably augmented when all the contributions are handed in.

MAN SHOTS WIFE

Tragedy on the Quebec Esplanade—Has Been Acting Strangely.
Quebec, Oct. 29.—Saturday morning a man named George Lecoteur shot and instantly killed his wife on the Esplanade here.
The pair, it seems, were sitting on one of the benches facing St. Louis street, near the Garrison Club, when Lecoteur suddenly drew his revolver and fired, the bullet entering his wife's left cheek and passing through the brain, causing instant death.
No cause is assigned for this dreadful act, but it is said, by Lecoteur's friends that he has been acting strangely of late, and it is thought he was mentally deranged.
Lecoteur was immediately arrested and lodged in central police headquarters. The body of his victim, a lady of about 60 years of age, was removed to the morgue, where an inquest will be held.
Lecoteur is a man about 45 years old, and is the father of Donald Lecoteur, who was killed in the Transvaal after the South African war.

A BIG LIST OF OFFENDERS

Judge Houston Deals With Many Cases—Several Remanded

BOOZE CAUSES TROUBLE

There was a big Police Court docket this morning. Owing to the absence of the Crown Attorney, who is out of the city, many of the cases were adjourned until such time as he will be able to be present.
The case against Edward Jackson, who is charged with impersonation, in connection with the cashing of a check, was adjourned until to-morrow.
ALSO REMANDED.
William Gordon, who is charged in the same case, was also remanded until to-morrow. Jackson claims that Gordon was the man who found the check and gave it to him. Gordon is out on his own bail.

HE GOT BAIL.

Albert Chrysler, who is charged with misappropriating a sum of money belonging to William Leif, of the Metropole Barber Shop, was also remanded until to-morrow. His father went his bail, and he was allowed out to appear to-morrow.

PAID THE COSTS.

The man Dungey, who was charged with stealing, was allowed to go after he had paid the costs in the case, which amounted to \$18.25. He was the man who bought liquor for a number of small boys. He works for Hadley, and is a good workman. When asked whether he would pay a fine or take a term in the Central, he replied that he could pay a fine. The \$18.25 was paid by Mr. Hadley, who was anxious to get Dungey to work again.

A DRUNK FINED.

Thomas Pearson, a drunk, was run in Saturday night, and allowed out yesterday, after he had paid the usual fine. Pearson was found sitting around on Laurox street in the rain. He was sober and penitent yesterday, and the Chief allowed him to settle and go.

AN OLD PENSIONER.

Thomas Walls was arrested for damaging the residence belonging to Mrs. Judith Letourneau. Walls used to board at this house, and Saturday at noon he came home intoxicated. There were only women in the house at the time and they were considerably frightened. They asked him to go away, but Walls had paid his board in advance, and he thought that he was entitled to his dinner. The women sent him outside the door, and Walls went away. He came back again, and tried to get in at the door. In doing so the door was damaged to some extent, and Walls found himself in Police cells. He came up this morning and was remanded until to-morrow.
Walls is an old pensioner of the British Navy, and served in the Navy 25 years. He did not know where he was until yesterday, when he woke up in the jail. He was just over his drunk and one of the inmates had to tell him that he was in jail. He claims to know nothing of what happened while he was drunk, and does not remember anything about trying to break into the Letourneau residence.

His heart was as great as the world, but there was no room in it to hold the memory of a wrong.

TALKS ON CONSTITUTION

Elihu Root Finds Way Out Of Japanese - U. S. Difficulty

NATION IS ABOVE STATE

New York, Oct. 29.—Washington advises to The Tribune point out that for the first time in the history of the United States the sixth article of the constitution is to be invoked to compel local authorities within a state to respect the provisions of a treaty, and the doctrine of states' rights seems destined to receive the severest blow it has experienced since the civil war. Previous administrations have remained helpless in the face of local action, which has seriously embarrassed the nation in its relations with foreign powers, and outrages within the boundaries of the states have gone unpunished by the Federal Government because of the belief that the Federal Government was without jurisdiction.

It has remained for Elihu Root, the present Secretary of State, to enunciate the principle that the constitution of the United States affords ample authority to compel observance by a state of the provisions of an international treaty.
Article 6 of the constitution of the U. S. declares:
"This constitution and the laws of the United States, which shall be made in pursuance thereof, and all treaties made, or which shall be made, under the authority of the United States, shall be the supreme law of the land; and the judges in every state shall be bound thereby, anything in the constitution or laws of any state to the contrary, notwithstanding."

Confident that Secretary of State Root is correct in his belief that there is full authority under the constitution, the administration will promptly endeavor to put a stop to those discriminations against Japanese citizens which local authorities within the State of California have been and are practising in violation of article 1 of the treaty of 1894, between the Japanese Empire and the United States of America.

Japs Won't Boycott.
Tokio, Oct. 28.—The course of action pursued by the United States, with the view of protecting the treaty rights of Japanese has been somewhat effective in soothing the feelings of the Japanese people, injured by the San Francisco school incident, and it is altogether unlikely, and there is yet no sign whatever, that the Japanese will imitate the Chinese in boycotting American goods.
Great powers and natural gifts do not bring privileges to their possessors so much as they bring duties.
