Dr. Cornell went riding in his fine new automobile yesterday. Bert Jones was the chaffeur and the doctor made quite a picture trayelling gracefully down the city pavements. The trip beyond attracting attention, was uneventful, except in one instance when Mr. Cornell ran over the curb and on to the sidewalk. The Crown Attorney accused the automobilist of breaking the law. The latter upheld that he didn't know anything about the fracture of the law but the wagon was not hurt a bit. Then the doctor began to describe how eleverly and skillfully he had done the deed.

FIRE THREATENED

Quite a lot of excitement was created around Ed. Northwood's home on William street about ten o'clock yesterday morning. In some manner the clothing in one of the upstairs bed-nooms caught fire and the Department was called out. They arrived in time to save the house from any serious damage. The fire was confined to the one bed-room, but was beginning to make considerable progress when the firemen arrived, The loss will be chiefly on clothing and furniture that was in the room where the fire occurred.

One of the features of the fire was the excited manner in which Pete Cowan from the sidewalk below attempted to direct the fireman hew to save the feather bed.
