A Timely Resolution.

At the recent meeting of the Methodist Conference at Yarmouth the following report of the "Committee on Political Corruption" was adopted:

Your committee begs leave to present the following recommendations:— 1. Whereas, the practice of bribery at elections is rapidly increasing in many sections of our country and the venality of the voters becoming more and more unobscured;

2. And whereas, an elector has as little right to sell the decision he is supposed to record when he casts his vote as a judge and jury have to barter for money the decisions they declare in our courts of justice;

3. Whereas, the practice adds unconsciously to the temptation of our public men and to the expenses of government and tends to steadily lower the standard of public morality;

4. Whereas, on account of the importance that this practice gives to campaign funds, the Christian sentiment in its struggle for the enactment of prohibitory and other laws, is and must be seriously handicapped;

5. Whereas, many of our church members excuse the practice as a necessary evil and, in too many cases, in the service of their respective parties, either handle corrupt funds or consent to their handling instead of bearing Christian testimony against this crime;

6. Whereas, we cannot expect a holy God to bless us with the revival which we hope will close the present and usher in the twentieth century, as long as the accursed thing is amongst us, and we stand in any other relation to this public crime than that of brave and consistent protestation against it;

7. Be it resolved, that as a conference, we set our faces against this evil in every form and recommend the following practical methods for producing in the country a higher conception of the duties of Christian citizenship:

1. That we preach sermons dealing specifically with this evil, especially before election campaigns open, and urge our people to free themselves and to do all in their power to free their respective political parties from complicity in this crime against free citizenship;

2. That in our Sabbath-schools and Epworth League instruction be given on this subject;

3. That we petition the Councils of Public Instruction to provide for some instruction on civic duty in our public schools, especially in this regard, and that this violation of the claims of citizenship be suggested as a subject for discussion on Empire Day;

4. That we petition parliament to add to the stringency of the act to prevent corrupt practices at elections;
