**MORE CANADIAN SOLDIERS FOR FRONT**

Ottawa, Ont., Aug. 30—Practically all the cabinet ministers are expected to return to Ottawa next week for an important series of meetings of the cabinet council, following the return of Sir Robert Borden. Consideration will be given to different matters with which Sir Robert has been in consultation with British authorities and which would require action at Ottawa.

There is no official confirmation of the report that immediately after the return of Sir Robert Borden to Canada the raising of an additional 50,000 troops in Canada will be authorized. There is no doubt, however, that additional regiments to replace those which will depart shortly for England will be recruited in Canada during the Fall and Winter months.

**Announcement**

WE beg to announce that after Sept. 1st our business will be conducted on a strictly cash basis.

We sincerely regret having to take this step, but owing to the general depression, we are forced to adopt a cash system. We trust our old customers will realize the advantage we will be able to offer from time to time through the cash system.

**LET KITCHENER SAY THE WORD**

London, Aug. 30—Lord Cromer gives his reasons in the times why he deprecates conscription. He says: "In the first place I think that whatever may be my personal opinions my support would at present do more harm than good. In the second it is obvious that the acute difference of opinion which exists on this subject may break up the present coalition, and this, in my opinion, would be disastrous. In the third place, I think this is eminently a question upon which the government, which has full information on the subject should give the lead. When I say the Government I mean more especially Lord Kitchener."

**CONDITIONS NORMAL ON WESTERN FRONT**

London, Aug. 30—A report from Field Marshal Sir John French commander in chief of the British army in the field, was given out by the British war office tonight as follows: "Since my last communication of August 18 there has been no fighting on our front to record. There has been a certain amount of mining activity but conditions generally have been normal. Both on the 18th and 21st we succeeded in shooting down enemy aeroplanes. On the 25th our heavy artillery set fire to a railway train at Langemarck station about five miles northeast of Ypres. On the same evening our Royal Flying Corps co-operated with our allies in an aerial attack on the forests to the south of Hurst, which was successfully carried out without the loss of any machines.
